TOLL OF EXECUTIONS IN CUBA CLIMBS AS CASTRO'S COURTS EXACT VENGEANCE

By LARRY ALLEN

HAVANA, Cuba (AP)—The execution toll is mounting as Fidel Castro's military courts continue to exact vengeance for violence attributed to supporters of fallen Dictator Fulgencio Batista.

At least 145 persons had been reported executed between Batista's flight on Jan. 1 and Monday night. More speedy trials were under way, including hearings for possibly 100 prisoners in Oriente province.

The toll took a big jump Monday when revolutionary firing squads reportedly shot 75 persons near Santiago, capital of Oriente, where Castro's rebellion was centered and anti-rebel repression was strongest.

Wedding Trap Motive Back Of Kidnaping

NEW YORK (AP)—Mrs. Jean Iavarone, widowed mother of eight, goes to court today to face a kidnapping charge. She is accused of abducting a newborn baby to misrepresent it as her own in a marriage trap.

The 43-year-old bleached blonde was booked Monday on a charge of taking Lisa Rose Chionchio from St. Peter's Hospital Jan. 2 when the infant was 2½ hours old.

Her bail hearing in Brooklyn Felony Court was put off until today. Conviction on the charge carries a possible prison sentence of 20 years to life.

The motive for the kidnaping, police said, was Mrs. Iavarone's desire to pressure a boy friend, Joseph Pizzimenti, into marriage by having him believe he was the father.

The intense search for the child ended Sunday night. Police and FBI agents, directed by a telephone tip, found the baby in Mrs. Iavarone's clean but untidy apartment in a humble section of Brooklyn.

She insisted the baby was hers, claiming she had delivered it by herself the night of Jan. 2.

Medical evidence contradicted (Turn to Page Seven)

Huge Surplus in New Budget Is Predicted by Ike

WASHINGTON (AP)—President Eisenhower told the new Republican leaders of Congress today his 77 billion dollar budget for the new fiscal year contemplates a surplus of about 100 million dollars.

House GOP Leader Charles A. Halleck of Indiana told newsmen there is hope of a tax reduction in the next two or three years if the heavily Democratic new Congress goes along with Eisenhower's spending and legislative programs.

The President's budget for the fiscal year starting July 1 will go to Congress next Monday. The White House recently announced it would be a balanced budget calling for spending about 77 billion dollars—approximately two billion less than in the current year.

Today, Senate Republican Illinois said in reply to a question that Eisenhower inform Leader Everett M. Dirksen of the GOP congressional delegation the budget actually contemplates a surplus of about 100 million dollars.

Mayor of Aurora Loses One-Round Brawl With Sergeant

AURORA, Ill. (AP)—Mayor Paul Egan, 58, lost a one-round brawl to Aurora City Council's 43-year-old, burly sergeant-at-arms Monday.

The usually voluble mayor, who spent the night in St. Charles Hospital, refused to talk about the fight.

Hospital officials declined to report on the condition of Egan, a stormy petrel in Aurora since his election as mayor in 1953. Earlier, however, Dr. J. D. Rossman said Egan had suffered a cut on the right side of his jaw and some bruised swellings on his face. He said the mayor also complained that his back was injured.

In Monday's brief fist encounter,

Officials of the provisional government claimed all cases were being fully investigated, but otherwise there was no information of the trials of the condemned men. Apparently, most were being held in secret, and by military courts rather than by the revolutionary courts the new regime has said would be established to try "war crimes" offenders.

Not all the defendants got the death penalty. Two policemen in Manzanillo were sentenced to 10 years in prison.

Approximately 3,000 persons are being held throughout Cuba. In Oriente there are about 500, according to Fidel's brother, Raul, who has been in military command in that area since Fidel's victory.

zine Bohemia charged that 20,000 Cubans had been killed between Batista's coming to power in 1952 and Jan. 1.

The 75 men executed in Oriente were shot in two groups, one of 14 and the other of 61, witnesses said. The executions took place at a military camp one mile from Santiago and one mile from San Juan Hill, where Teddy Roosevelt's Rough Riders charged the Spaniards in 1898.

Santiago military headquarters declined to confirm the executions. A reporter found a huge mound of fresh dirt, cartridge cases and tire tracks at the scene.

Would-Be Armed Robber Only Twelve Years Old

DETROIT, Mich. (AP)—Waitress Janet Bundy thought the little boy was playing when he slammed a gun on the restaurant counter and demanded money Monday night.

"I grabbed for the gun," said Miss Bundy, 20, of Detroit. "I thought it was a toy. But the boy grabbed it back first and fired a shot into the floor."

Now realizing it was the real thing, she grappled with the boy when he came around the counter. "He broke away and ran out of the store swearing and cursing," she said.

She described the would-be robber as about 12 years old. He had two companions between 12 and 14 who fled with him.

Police recovered a .38 caliber bullet from the restaurant floor.

Woman Attorney Gen. Planning No Vacation

PITTSBURGH (AP)—Judge Anne X. Alpern says she will continue her work in Allegheny County Common Pleas Court until she is sworn in as Pennsylvania's first woman attorney general.

Judge Alpern said Monday she dropped plans for a vacation because she wanted to leave no unfinished business. She will take the oath of her new office after the Jan. 20 inauguration of Governor-elect David L. Lawrence.

Top U. S. Criminal Given Term in Jail

NEW YORK (AP)—Irving Sherman, listed by authorities as a top U.S. criminal, has been sentenced to 30 days in jail and fined \$1,000 for failure to register as an alien.

It is the first jail sentence ever imposed on Sherman, 62, one-time political friend of ex-Mayor William O'Dwyer.

Sherman, Hungarian-born, has been ordered deported, but Hungary has refused to accept him. He was ordered to surrender Wednesday to begin serving his sentence.

Ringed the Council Chambers last night was a crowd of approximately 75 persons who protested fluoridation vigorously enough to appear on the scene and see for themselves just what was about to happen. Most seemed pleased when Council decided to hold a public referendum on the matter. When the above picture was taken, Bill Bevevino at the far end of the table was telling Council members it was their duty to carry the issue to the public. Saylor Photo.

Donors Needed for Bloodmobile Visit

The post-holiday season let-down is being evidenced in the Warren area in more ways than one, according to the Blood Program recruiting committee of Warren County Red Cross Chapter.

A late check with chapter headquarters reveals an approximate total of 80 donors has been listed for Wednesday's visit of the regional bloodmobile from Buffalo.

The blood bank equipment will be set up in the headquarters room in the Warren Service Center, 404 Market street, from 10:00 a. m. until 3:45 p. m., and supplemental donors are desperately needed if the January quota of 150 pints is to be met.

Any persons in the area who can possibly do so are asked to take a few minutes any time during the day to drop in and add their pint of blood to the collection.

Joint Committee Decides Stafford Vermont Winner

MONTPELIER, Vt. (AP)—It is now official that Republican Robert T. Stafford of Rutland is the governor of Vermont—by the narrowest margin in a Vermont gubernatorial election in 150 years.

A 56-member joint committee of the Legislature completed a recount Monday night showing Stafford beat Democrat Bernard J. Leddy of Burlington by 718 votes, 62,222 to 61,503.

Vermont has not had a Democratic governor in 105 years. In that time no Democrat has come as close to the governorship as did Leddy.

The small margin in the gubernatorial race was the second phase of a Democratic showing in the state. Democrat William J. Meyer was elected to the U.S. House.

The original margin between Stafford and Leddy was 918 votes. Actually, Stafford received only 292 votes more than he needed to win the governorship in the recount. The Vermont constitution requires that a governor be elected with a majority of the ballots cast.

There were 123,859 general election votes counted. The re-

School Board Advised All Swick Site Land Acquired For Proposed New School

Joint Committee of Warren Area Joint School Board met in regular session Monday night and approved releasing plans and specifications for the new high school on January 21, opening bids March 4, and approving contracts March 9. They received notice from the Department of Public Instruction that the pre-final plans had been approved. Art Commission has sent its final approval. There remains the approval of Department of Labor and Industry to be received. Engineers must take additional information on the boiler room to Harrisburg before receiving this approval.

Resignation of Mrs. Robert Whitehill was accepted with regret. Mrs. Edith McComas was employed to complete the school term. The recommendation of WHS Principal Joseph Passaro was approved to operate a summer school this coming summer. The summer school will provide opportunity for additional help to those going on to college. It will also give some of the pupils who failed subjects the opportunity to pass them.

Recreation Services performed during the month amounting to \$120.00, Substitutes Employed for \$360, Special Services of \$271.80, and Janitor's Overtime of \$866.14, were approved. Einer Anderson, Head Custodian at High School, was approved to attend Johnson Service School in Milwaukee, March 16-21. A. J. McDonnell, Assistant Principal at Beaty Junior High School, was given permission to (Turn to Page Seven)

Peoples Gas Co. Has Success With New Exploration

JOHNSTOWN, Pa. (AP)—Intensified exploration by Peoples Natural Gas Co. of Pittsburgh has unearthed new gas wells at Laurel Mountain, just west of Johnstown.

Peoples and cooperating firms have brought in six wildcat wells since May, 1957 on or near the 50-mile-long ridge which touches Cambria, Westmoreland, Somerset and Fayette counties. Their total estimated daily production capacity is 41,789,000 cubic feet, more than enough to supply 120,000 persons in Johnstown.

Peoples began exploration in July, 1956, when they brought in Geophysical Service, Inc. of Dallas, Tex. It was the first effort to find gas on the mountain since 1943, when the unproductive Beck Well No. 1 was drilled in Westmoreland County.

In May, 1957 Beck Well No. 2 paid off in Ligonier Twp. Gas was found 7,500 feet deep. Daily capacity is rated at 6,676,000 cubic feet. The Williams pool became a reality in February, 1958, at the Johnstown field in Jenner Twp., Somerset County.

Hamey Is Fired as Manager of Phils

PHILADELPHIA (AP)—The Philadelphia Phillies today reportedly have fired H. Roy Hamey as general manager and hired Milwaukee's John Quinn to take over the post.

Hamey, who came to the Phillies from the New York Yankees in 1954, is reported going back to the American League champions. He will become assistant general manager, the position he held before moving to Philadelphia.

Quinn, a veteran baseball executive, has been reported on the way out in Milwaukee ever since the National League champion Braves hired George (Birdie) Tebbetts, a vice president and heir apparent to the club presidency.

Retired General First Witness in Conspiracy Trial

By LEE LINDER

LEWISBURG, Pa. (AP)—The government, its chief prosecutor stricken ill in the night, today asked for a continuance of the Tobybanna conspiracy trial, but the court ruled that it should go on.

Oliver Dibble, special assistant to the attorney general and head of the three-man team of government lawyers, fell victim to a virus and will be incapacitated for up to 48 hours perhaps longer.

U.S. Dist. Judge Frederick V. Folmer, presiding at the trial of Rep. William Green (D-Pa.) and six others, called in the attorneys, 11 of them representing the defendants, on the advisability of a delay.

Within a half hour he made up his mind against postponement. No jurors were seated on the first day. Twelve will be chosen, plus four alternates.

Lawton was commanding general at Ft. Monmouth, N. J., a signal Corps base, when the Wisconsin Republican Senator raised charges of Communist influence there. He also was a witness at the Army-

(Turn to Page Seven)

Norway Pledges Help To Western Alliance

OSLO, Norway (AP)—Norway's government today pledged continued support for the Western alliance but also promised to work for disarmament and a halt to nuclear weapon tests.

In a message opening Parliament, King Olav V said the government will also take an active part in the drive to stop adverse effects of the European Common Market on economic cooperation that has been built up among all nations in Western Europe since the war.

Report of Committee With Recommendation Receives Approval of Boro Council

NEW CITY DAD

W. D. McElwain of 9 Central avenue in the Sixth Ward was appointed a member of Warren Borough Council Monday evening to fill the unexpired term of James C. Frantz who moved from the borough. He was sworn in by Burgess William E. Rice. A native of Kane, Councilman McElwain is an officer and director of Pennsylvania Gas Company where he has been employed since coming to Warren in 1926. Mr. McElwain has one son, Edward, a senior at Warren High School. The new councilman also was appointed to fill the vacancy on the Finance Committee. Term expires Jan. 1, 1960. Kofod Studio.

The matter of fluoridation will be left to the public.

Warren Borough Council on Monday evening unanimously voted to place the issue on the ballot at the spring primary election May 19.

Approximately 75 persons protesting the addition of sodium fluoride to the local water supply were present at the meeting. They applauded each speaker lashing out against fluoridation and in the end gave noisy approval to Public Service Commission members for their recommendation at a public referendum.

Public Service Committee Chairman Warren Miller opened the meeting by inviting all present who wished to speak to do so, but limited them to three minutes, and one talk each. Eleven spoke against the proposal in a half hour, and then two in favor.

Councilman Miller pointed out that a public vote on the matter was not binding and would not be an "edict." However, he stated the result would guide Council in its final decision.

The chairman stated he and fellow Public Service Committee members Bernard Hedem and "Pete" Juliano had literally been "swamped" by the huge amount of material made available to them since they started investigating fluoridation.

In a list of conclusions which comprised the committee's report, Mr. Miller stated that: fluoridation was found to be helpful in preventing tooth decay in children to age 11; it did not comprise "socialized medicine"; many medical societies had endorsed the addition of sodium fluoride to water supplies;

Many qualified engineers, technicians and physicians "look with jaundiced eye" upon fluoridation; some experts found no injury from the additive; other experts found injury "would be most possible"

In the end, the committee report stated that because of the conflict, they could reach no decision as to a recommendation, so that the matter should be left with the people.

This seemed to please the opponents who applauded. Dr. L. J. Berger, who spoke in favor of fluoridation, walked from the meeting shaking his head.

First to speak was William Bevevino of 210 McPherson street. He pointed out that the people should be governed by the majority and they should vote on what they want, especially on an issue involving "mass medication." Mr. Bevevino also raised the legality of fluoridation.

Some Southern senators protested that the change—any change—went too far. But an overwhelming majority of the Senate voted 72-22 for the new rule to allow two thirds of the senators present and voting to cut off debate. A rule in effect since 1949 had required the votes of two thirds of the entire Senate membership, or 66 of the 98 senators.

The rules battle roared to its climax Monday night with senators in sharp disagreement over what the effect of the new rule will be.

(Turn to Page Seven)

Two Arrested in Mystery Death of Former Newsmen

COLUMBUS, Ohio (AP)—Two men have been arrested and a third is being sought in the mysterious death of former television newsman Ed Wood, police disclosed Monday night.

Held for investigation of robbery are Robert G. Edwards Jr., 34, tenant of the building where Wood's badly beaten body was found last Thursday, and Carl Oscar Lewis, 28, of Columbus. Wanted is Alfred Spencer Trayham, 32, also of Columbus. Missing from the former Pittsburgh and Columbus newscaster's body were his wallet, coat and wrist watch.

Police, who hold to the theory that Wood died in a fall down stairs, said that on Wednesday night, Wood cashed a payroll check at a bar and after several stops at other bars, left with a man he apparently knew. They disappeared for a couple of hours.

Later, Wood was brought to Edwards' third floor apartment, where Edwards said Lewis and Trayham brought Wood to "roll" him.

Edwards told the two men he didn't want any part of it, and the two left taking Wood down the stairs with them.

RED VISITOR APPEARS ON TV PROGRAM

BULLETIN

WASHINGTON (AP)—Secretary of State Dulles said today Russian proposals for the future of Germany are brutal and stupid and fraught with danger for the peace of Europe.

NEW YORK (AP)—Soviet Dep. Premier Anastas I. Mikoyan is due to arrive here tonight for a two-day visit. Hundreds of police and pickets await him.

The city police department is preparing to provide maximum security protection with some 500 members of the force for Mikoyan's round of dinners and receptions.

The Federation of Hungarian Former Political Prisoners and the Assembly of Captive European Nations plan to line up hundreds of pickets in protest rallies where the Soviet official appears.

He is arriving by plane from Los Angeles.

Mikoyan is scheduled to lunch Wednesday with bankers in Wall Street, a frequent target of Soviet propaganda. The luncheon is being held at his request. The affair is expected to be social, not financial.

By PATRICK McNULTY

LOS ANGELES, Calif. (AP)—Visiting Soviet First Deputy Premier Anastas I. Mikoyan capped a busy Los Angeles tour with a surprise appearance on a local television show Monday night.

The bustling Soviet official, hounded with movie stars, college students and dyed-in-the-wool capitalists before dashing through Hollywood in a police-led caravan to keep the hastily made TV date.

Not an egg, tomato or epithet was hurled at Mikoyan all day, in sharp contrast to his earlier visits in Detroit, Cleveland, Chicago and San Francisco. Police and State Department representatives kept him under close guard and will shepherd him to the airport today for his return flight to New York.

On the 25-minute TV program, Mikoyan answered a set of questions—carefully approved beforehand—that were submitted by commentator Paul Coates.

Mikoyan described himself, as he has throughout his United States tour, as a friendly grandfather who feels the differences between the U. S. and the Soviet Union can best be resolved by working closer together, especially in trade.

Two Cent Hike in Gasoline Tax in Prospect in N. Y.

ALBANY, N.Y. (AP)—New York State will raise its gasoline tax by two cents a gallon within a few weeks. It also may increase the income tax and raise its tax on cigarettes.

That was the outlook today as the Legislature's Republican high command moved swiftly to carry out a call by Gov. Nelson A. Rockefeller for higher taxes to balance a record budget of nearly two billion dollars.

After weeks of hinging, Rockefeller disclosed Monday night he had decided the gasoline tax must be increased to six cents a gallon from four.

He had said previously there

Ailing Evangelist On Way to Mayo Clinic for Examination

MINNEAPOLIS, Minn. (AP)—Ailing evangelist Billy Graham heads today for an appointment with Mayo Clinic specialists. Cautioned by Vice President Richard M. Nixon to "get some rest," he still plans a crusade in Australia.

But he is postponing the start by at least a week and is not sure whether he will be able to go through with other projected visits on a world tour.

The 40-year-old preacher may learn this week the cause of an ailment that has left him with only 50 per cent vision in his left eye. It has been described as a "rare and serious condition" by his father-in-law, a doctor.

Graham spent the night in a downtown Minneapolis hotel and plans to motor the 80 miles to the Rochester, Minn., clinic sometime today. With him will be members of his evangelist team. "I am sure I will recover and I have every expectation of going to Australia," Graham said. "But we have definitely canceled a meeting at the Hula Bowl in Hawaii that was set for later this month and we will have to postpone the start of the Australian crusade at Melbourne from Feb. 8 to Feb. 15."

Arriving by air Monday night from Dallas, Tex., Graham told newsmen he received a telephone call earlier in the day from Nixon in Washington, advising him to get as much rest as possible.

Budget, Paving Assessments, Sewage Plant Administrator Highlight January Session

Warren Borough Council at its first session of 1959 last night adopted a proposed budget of \$413,650, added a new member set paving assessments for the summer street improvement program, appointed a sewage plant administrator, raised borough employee salaries and prepared to buy a new fire truck.

The new budget figure was \$21,454 over the previous record figure of \$392,196 in 1958. It was adopted tentatively and must be open for public inspection in the Municipal Building for a month before final approval.

Largest budgeted of chunk of \$91,810 again goes to the fire department. Last year's figure was \$91,810.

All borough employees were given a \$5 a month raise, besides becoming eligible for group insurance at a cost to the borough of \$9 per month per employee (a high figure because of the large number of older men in the street and parks department, according to Councilman David Levine).

Police department budget was up from \$85,830 in 1958 to \$88,960. Public works figures

were upped from \$82,898 to \$83,178. Buildings and lands proposed expenditures jumped from \$23,040 in 1958 to \$33,850 this year.

Other budgeted items remaining nearly the same, fluctuating in most cases only a few hundred dollars in either direction are: administration \$20,440, down \$240; legal expenses, \$3,360, down \$15; tax collector \$3,500, down \$3,800; military, civic and flood \$2,200, down \$230; insurance, \$17,600, up \$6,300; planning and zoning, \$550, same;

Public service, \$11,500, up \$500; health department, \$7,335, up \$120; engineering, \$9,015, up \$120; parks, \$28,332, down \$579; playgrounds, \$9,200, up \$2,078.

Finance Committee Chairman Maurice Emery said the borough would come from real estate taxes, some \$269,700. The tax figure of 26 mills will prob-

ably remain, though county commissioners have yet to prepare the final new assessment rates.

Previous assessment for tax purposes had been \$16,000,000 the previous year. Balance as of Jan. 1, 1959 in borough coffers was \$196,753.48 and a similar amount is expected to be on hand the first of next year. Usual per capita tax of \$5 per head for each person over 21 was passed on motion of Councilman James Torrance. It should bring in \$6,500, according to the budget.

Street Assessments

Borough Engineer read off the final costs for the 1958 Street Improvement Program carried out the past summer and listed the sums landowners would pay for each foot frontage.

The borough pays one third of the total cost of each project, and the residents on either side pay the other two thirds.

Following are the six streets improved, what the final costs were, how many feet the improvements covered and how much each landowner must pay per frontage foot: Cayuga, \$9,087.58, 500 feet, \$7.57; Madison, \$21,145.55, 1,766 feet, \$7.98; Pioneer, \$14,258.09, 1,200 feet, \$7.92;

Tremont, \$3,074.86, 500 feet, \$1.43; West Fifth, \$20,736.88, 2,493.71 feet, \$5.44; Franklin, \$4,589, 428.15 feet, \$7.15.

Plant Administrator

Borough Manager George Geracimos was appointed administrator of the new sewage treatment plant. He will receive an additional \$1,000 a year for the job, which is necessary, according to Engineer DeBell, because of the paper work necessary and need for someone to order supplies, carry out overall supervision. DeBell pointed out that the estimated sewage plant budget for 1959 is \$168,420, practically a third of the borough budget.

The usual bonds were reset for the various borough officers. Borough Solicitor S. Knox Harper had his salary set at \$3,060 for routine matters and bond of \$5,000. Borough treasurer Ray Steber had his salary set at \$100 annually, bond at \$25,000. Borough secretary Geracimos has a salary of \$900, bond of \$5,000.

Some \$5,500 was transferred to Permanent Street Improvement Fund from the General Fund, the money being left over for repairs made to Jackson street which went too slowly to be completed in 1958. Another \$15,000 was transferred to Capital Reserve Fund.

Group Insurance

As part of their raise, borough employees were given insurance, \$2,000 death payment, \$2,000 accidental death, dismemberment. Also included are \$15 a day for 70 days sick pay, plus sickness and accident benefits.

Salaries for the month of December were ordered paid in the amount of \$21,618. Dr. William S. Walters was reappointed a member of the Board of Health.

Public Safety Committee Chairman Glen Patchen was authorized to secure bids for a new 750-gallon-per-minute pump truck to replace the 1934 model at the West Side Station. Councilman Patchen also had accepted his motions to accept the resignation of Charles Nelson from the police department because his wife's health forced him to a drier climate; and officially employed T. J. Dombek and R. W. Townley as probationary patrolmen.

He also asked for and received permission to schedule more civil service tests for more applicants to the police and fire departments. A motion to fill the 3375 monthly first lieutenantship at the police station was dropped in committee for the time being.

Simones and Cook's bid of \$1697.50, including the old truck, was accepted for a new three-quarter ton pickup truck for the General Maintenance Division. Other bidders were Dan's Chevrolet, \$1745; Link's, \$1950, plus truck; Smith Buick, \$1965.

Martha Lawson was reappointed police justice for 1959.

Councilman Karl Timm mentioned the dangerous, narrow portion of upper Conewango avenue by the two stores across from each other and the committee said it would look into it. Recognition of Ruhlman street as a borough thoroughfare will also be given future consideration.

Commendation Letter

A letter from Abe Schwartz of Tiny Town praised the fire department emergency crew and Chief James Tridico for the splendid work performed by the department some weeks ago when a child was reportedly choking to death in the store. Mr. Schwartz said it was comforting to know that such a trained crew was at instant readiness.

Council members were asked to brush up on the new fire code which will be adopted shortly for use in the borough.

The Rev. Mr. Charles E. Kinney of First Evangelical United Brethren church gave the invocation.

Proper gift on a fifth wedding anniversary should be wooden. Rolling pins are barred for this happy occasion.

Arkansas Spends Least Per Pupil Among 32 States

WASHINGTON (AP)—Arkansas spends the least per pupil and Oregon the most among the 32 states in which school districts operate the public schools, the Census Bureau has reported.

Operating outlays per pupil in Arkansas in 1957 were \$154, the census survey of school district finances showed.

This was well below half the amount spent in Oregon, \$356 per pupil. The school enrollments are roughly comparable: Arkansas enrolled 388,000 pupils in October 1956, and spent \$59,854,000; Oregon had 340,000 pupils and spent \$120,918,000.

Second lowest state in per capita outlay was South Carolina, \$165. Third was Alabama \$177. Then came Kentucky, \$185, and Georgia, \$192. All other states spent more than \$200 per pupil.

After Oregon at the upper end of the scale was California with \$355. School operating outlays in that state approached the billion-dollar mark; educating California's 2,809,000 enrolled pupils cost \$996,051,000.

The third highest state in per capita outlay was Wyoming, \$347. The other states followed in order:

Nevada, \$334; Montana, \$329, Illinois, \$327; Washington, \$314; Arizona, \$314; Michigan, \$308; Colorado, \$305; Pennsylvania, \$301; New Mexico, \$298; Kansas, \$298; Iowa, \$286; Missouri, \$285; Ohio, \$285; Indiana, \$278; Texas, \$272; Nebraska, \$272; Louisiana, \$269; Florida, \$265; South Dakota, \$264; North Dakota, \$258; Utah, \$249; Oklahoma, \$245; Idaho, \$237; West Virginia, \$205.

Owner's of Six Penn'a Farms Receive Awards

HARRISBURG (AP)—Owners of six Pennsylvania farms today were honored for their achievement in agriculture and community service.

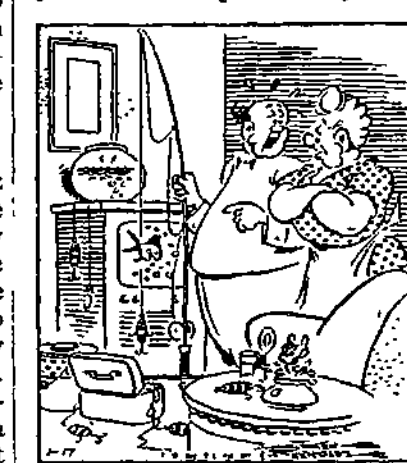

The farmers were selected from a long list of nominees by Dr. William L. Henning, secretary of agriculture, and Drs. Lyman E. Jackson and Herbert R. Albrecht, of Pennsylvania State University. They are: Edgar and Robert Barnett, Couderport; Perry Z. Knorr, Catawissa; Charles L. Packard, Roaring Spring, Blair County; Pasquo P. Pecora, Drums, Luzerne County; George and Harry Wentz, Ambler, and Kenneth A. Youngs, North East, Erie County.

Bell Places Frame Protectors

Linemen Donald Sowa and Richard Morrison, above, under the supervision of Lane Foreman P. C. Campbell, place the first 121 type main distributing frame protectors in the new Warren office. Warren will be one of the first offices in the state to use this type of equipment. There will be 49 protectors installed which will terminate 11,300 cable pairs.

New Wire Chief

Edward G. Grogan, of 120 Onondaga avenue, above, has been appointed Bell Telephone Company of Pennsylvania plant wire chief in Warren, succeeding Robert L. Endress who retired last month after 46 years of service. The new wire chief is a graduate of Wilkes College, Wilkes-Barre; started with Bell in '54 as a telephone installer at McKeesport and served later with the Turtle Creek and Monroeville plant departments. He is a member of the Free and Accepted Masons, Alliquippa Lodge 375, McKeesport. A native of Woodside, N. Y., he is married and has one daughter, Cathy Ellen. Stoke photo.

Times Topics

ELECT WARREN MAN TO RABBIT BOARD
Sam Gerardi, 300 Walnut street, has been elected as a board member of Buffalo Rabbit Convention. The Convention will be held in the 174th Armory in Buffalo October 24-27. This promises to be one of the largest conventions held by American Rabbit Breeders Association. The group expects nearly 5,000 rabbits to be shown during the gathering. Gerardi was also appointed Banquet chairman.

CLARENCE CLINIC
Parents are reminded the regular Well Baby Clinic will be held in Clarence Borough School at 9:30 a. m. Wednesday.

LUDLOW MEETINGS
American Legion Auxiliary members at Ludlow will hold their regular meeting in the Legion Hall at 8:00 this evening. Post members will meet the same hour on Thursday.

100F SAUERKRAUT SUPPER
The social committee of the Odd Fellow and Rebekah Lodges are already planning their annual sauerkraut supper to be held Thursday evening, January 29th, with Mrs. Clara Putnam and Mrs. Margaret VanOrd in charge.

KIWANIS SPEAKER
Miss Mary Miller, Warren student at Wooster College and recently completing six months of undergraduate work in Mexico City, will be the guest speaker for Wednesday's luncheon meeting of Kiwanis Club, 12:15 p. m. in YWCA activities building.

RECEIVES DEGREE
Richard H. Kerr, son of Mr. and Mrs. Roy H. Kerr, Conewango avenue extension, is listed among 279 students upon whom Cornell University has conferred degrees during the fall term. He was also among 67 receiving doctor of philosophy degrees.

One Young Driver Hurt in 3 Accidents

One young driver was injured in the last of three separate vehicle crashes to occur within six and one half hours of each other Monday in the county.

Leonard Grosch, 17, of 322 East Fifth avenue, was taken to Warren General Hospital shortly before 4 p. m. after his car whammed into a tree on Jackson street extension approximately two miles above Warren.

Grosch suffered a gashed forehead and right knee. He told troopers his eastbound machine started to skid and when he cut the wheels, the vehicle went against a tree. Damage to the machine was estimated at \$300.

Slippery road conditions had contributed to two earlier accidents.

At 10:50 a. m. on Route 62 ten miles north of Warren near Russell, Florence E. Samuelson, 47, of 306 W. Sixth street, Jamestown, was skidding back and forth on the highway as she headed south. Unable to avoid her car was northbound Donald Lee Smith, 26, of Union, W. Va. Damages were estimated at \$500 to Flo's car, \$600 to Don's.

At 9:15 a. m. Monday on Pennsylvania avenue west by Betts Machine and William's Hotdog emporium, three vehicles were involved in an accident.

Troopers said Ben Cummings, 57, of RD 2, Warren, had stopped his highway truck in the west lane of traffic and crossed the street to talk to another driver.

Heading west was Curtis Goodwin, 43, of 11 Buchanan street. He told officers as he approached the opening between the two trucks another car was approaching from the west. Goodwin said he applied his brakes but could not avoid ramming the rear of the stopped truck.

Seconds later, a C. Beckley service truck operated by Raymond Morrison, Jr., 21, of 412 Prospect street, slammed into the wreckage.

Damages were estimated at \$300 to the Goodwin car, \$50 to the highway truck, none to C. Beckley's.

IMA Members Enjoy Guest Speaker's Talk

Industrial Management members enjoyed their guest speaker's topic on "The Supervisor's Role in Case of Radioactive Fall-Out" at their meeting in YMCA last evening.

Also guest of the gathering,

President Robert Newman urged early reservations for Ladies Night Dinner on Feb. 9 when Harry Stuhldreher, assistant to the vice president of U. S. Steel Corporation, will be the speaker.
Board of Governors will hold its February meeting Feb. 2 at 7 p. m.

CHALLENGE OF STEEL—Roaring furnaces of the Free World have produced over 210 million net tons of ingot and casting steel in 1958, a drop from the previous year, according to Steel magazine. Communist nations registered gains, but still produce less than a third of the world total. Of the top five Free World producers only France registered an increase, while the only Communist country that fell off from 1957 was North Korea.

Sylvania Mails Statement Explaining Merger Details

NEW YORK—Sylvania Electric Products Inc. reported today it has mailed to its approximately 36,000 share owners a proxy statement setting forth the details of the proposal to merge Sylvania into General Telephone Corporation.

Accompanying the proxy statement and proxy was a notification that a special meeting of Sylvania share owners will be held in Boston, Mass., on February 11 to vote upon approval and authorization of the merger. General Telephone share owners will meet in New York on the same day to vote upon the merger.

It is proposed that, if favorable action is taken by the share owners of both companies, the tentative effective date of the merger would be on or about March 5. The combined company will be known as General Telephone & Electronics Corporation.

The General Telephone System is the country's largest independent telephone system, providing telephone service in parts of 30 states and manufac-

diversification of investment; substantially increased research and development facilities; a source of know-how in areas of electronic development which may prove of importance to the telephone and communications industry generally and which will enable the General Telephone System to provide better telephone service to the public; and the ability to serve better the national defense effort.

Following the merger of Sylvania into General Telephone, the surviving corporation would be a New York corporation named General Telephone & Electronics Corporation. Sylvania, which would retain its present name, would be a wholly-owned subsidiary of General Telephone and would operate as a separate corporate entity.

Under the proposal, Donald C. Pover, President of General Telephone, would be Chairman of the Board and chief executive officer of the surviving corporation, and Don G. Mitchell, Chairman of Sylvania, would be President. On January 1, Robert E. Lewis, previously a Senior Vice President, became President of Sylvania, succeeding Mr. Mitchell, who had served in a dual capacity.

The proposed certificate of consolidation of General Telephone & Electronics shows that the amount of authorized capital stock of the corporation would be \$324,650,300. This would consist of 1,498,000 shares of preferred stock of \$50 par value and 25,000,000 shares of common stock of \$10 par value.

COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF PROPERTY AND SUPPLIES
BUREAU OF ENGINEERING AND CONSTRUCTION
2221 FORSTER STREET — P. O. BOX 582
HARRISBURG, PENNSYLVANIA

NOTICE TO CONTRACTORS
Bid Date — Wednesday — January 28, 1959
Time of Opening — 1:30 O'clock P. M., Eastern Standard Time

The Commonwealth of Pennsylvania will receive at the above office sealed proposals which will be publicly opened and read at above stated time for the following Projects:

Project No. 3090-1 General Repairs
Laurelton State Village, Laurelton, Union County, Pennsylvania.
(Construction of Garage Building), Bureau of Mental Health—Construction and Maintenance, Department of Public Welfare, Commonwealth of Pennsylvania.

Project No. 1737-1 General Construction
Deposit for each Project \$10.00
Project No. 1737-2 Heating Construction
Deposit for each Project \$15.00
Project No. 1737-3 Plumbing Construction
Deposit for each Project \$15.00
Project No. 1737-4 Electrical Construction
Deposit for each Project \$15.00

IMPORTANT: SEPARATE CHECKS DRAWN TO THE ORDER OF THE COMMONWEALTH OF PENNSYLVANIA, MUST BE SUBMITTED FOR EACH PROJECT.

PLANS AND SPECIFICATIONS WILL NOT BE SUPPLIED UNLESS A CHECK (\$5) FOR THE PLANS DEPOSIT ACCOMPANIES THE REQUEST.

Drawings, Specifications and Proposal Forms not exceeding two (2) complete sets may be secured by prospective bidders by applying to the Bureau of Engineering and Construction, Department of Property and Supplies, 2221 Forster Street, Harrisburg, Pennsylvania and depositing the amount stated above, which deposit will be refunded only upon receipt of a Bona Fide Bid on the Standard Proposal Form and return of the drawing and specifications in good order within ten (10) days after the opening of bids, otherwise, the deposit will be forfeited.

Drawings and Specifications may be reviewed free of charge at the office of the Bureau of Engineering and Construction, Department of Property and Supplies, 2221 Forster Street, Harrisburg, Pennsylvania.

Each Proposal must be accompanied by a Certified Check, Bank Cashier's Check or Trust Company Treasurer's Check drawn to the order of the Commonwealth of Pennsylvania in an amount of not less than five per centum (5%) of the bid herein submitted. BID BONDS WILL NOT BE ACCEPTED.

Bidders are requested to review the manner and form of executing Bid Proposals in accordance with INSTRUCTION TO BIDDERS under heading—PROPOSAL FORMS.

The Commonwealth of Pennsylvania reserves the right to reject any or all Bids and to accept or reject any part of any bid.

Officers Named During Revolver League Banquet

New officers were elected and awards given to top shooters at the annual banquet of Warren Revolver League Monday evening. Over 30 members were present.

Named as officers for the coming year were Bill Frederick, president; Sam Mack, secretary; Bruce Hook, treasurer.

Presented awards were (in first, second, third order): Class A—Knoph, Montgomery, Zimmerman. Class B—Reynolds, Mack, Overturf. Class C—Graves, VerMilyea, McIntosh.

First shoot this year will be Monday evening from 7 to 9 p. m. at the Court House side entrance. All interested plinkers are invited to be on hand to shoot the bull.

At the Hospital

Admitted Monday
Mildred Doeafier, 54 Water
Mrs. Hazel Musante, 15 Mohawk

Mrs. Gladys Raiser, RD 2, Warren
Clarence Anderson, 314 Chestnut

Mrs. Danny Beers, 121 Grant
Mrs. Anna Larsen, 13 South State

Mrs. Maude Loucks, 208 Prospect

Carl Nelson, 201 Lincoln
Mrs. Grace Morse, 106 Main
Charles Barrett, 5 Grant

Lona Marie Dyke, RD 2, Russell

Mrs. Bertha Grandquist, 1509 Madison

Mrs. Ida Swanson, 17 Fourth
Irene Dunn, RD 1, Russell

Mrs. Margaret Braley, 320 Jackson

Discharged Monday
Donald Armagost, RD 2, Warren

Mrs. Elizabeth Brown, RD 1, Russell

Howard Clark, 8 Russell
Mrs. Edith Gray, RD 2, Warren

Chris Launer, RD 1, Clarendon

Mrs. Mazie Miller, Sheffield
Shelley Ann Olsen, Youngsville

Thomas Schall, Tidouite
Mrs. Val Jean Burris and baby girl, RD 1, Tidouite

Mrs. Kathryn Phillips and baby girl, Russell

Hospital Emergencies

Monday
Victor Farrell, 59 Crestview Blvd.—fractured left third finger.

Leon Nelson, RD-1, Tidouite—injury to right thumb.

Donna Rae Moore, 18 Alston street—burns of back.

Stephen Nelson, RD 1, Warren—laceration of forehead.

Ronald Hezel, 11 Plum street—laceration of left leg.

Mabel Richards, RD 1, Warren—burns of both hands.

Elsie Davidson, RD 2, Warren—burns of right hand.

Oddities in the News

PHOENIX, Ariz. (AP)—It was tough enough when his sweetheart jilted him. But when she kept his diamond ring . . . that was the final jolt.

So Henry Lee, a young school teacher, filed suit today against Antoinette Bryant for return of the ring. Either that or pay the cost of the diamond, \$439.78.

BOISE, Idaho (AP)—Seventeen Republican lawmakers, in an informal resolution Monday, asked if the heat could be turned down in Idaho's House "in the interests of economy and in the presence of excessive Democratic hot air."

Replied Don Pieper, Democratic majority leader: "The State House has a central heating system, and the furnace remains under the Governor's jurisdiction."

Gov. Robert E. Smylie is a Republican.

GALILEE, R.I. (AP)—The four-man crew of the fishing dragger "Bob 'N' Barry" didn't like the extra 500 pounds in a 1,500 pound catch.

In fact, the crew made a run for port because of the extra 500 pounds picked up with 1,000 pounds of cod.

The extra weight? A magnetic mine—live—similar to the type used by the United States during World War II.

The mine, containing 300 pounds of explosives, was pulled aboard five miles east of Block Island. Ashore, the mine was taken care of by a Navy demolition team.

LOS ANGELES (AP)—Western Movie star Roy Rogers and his wife, Dale Evans, have adopted Debbie, a 6-year-old Korean orphan.

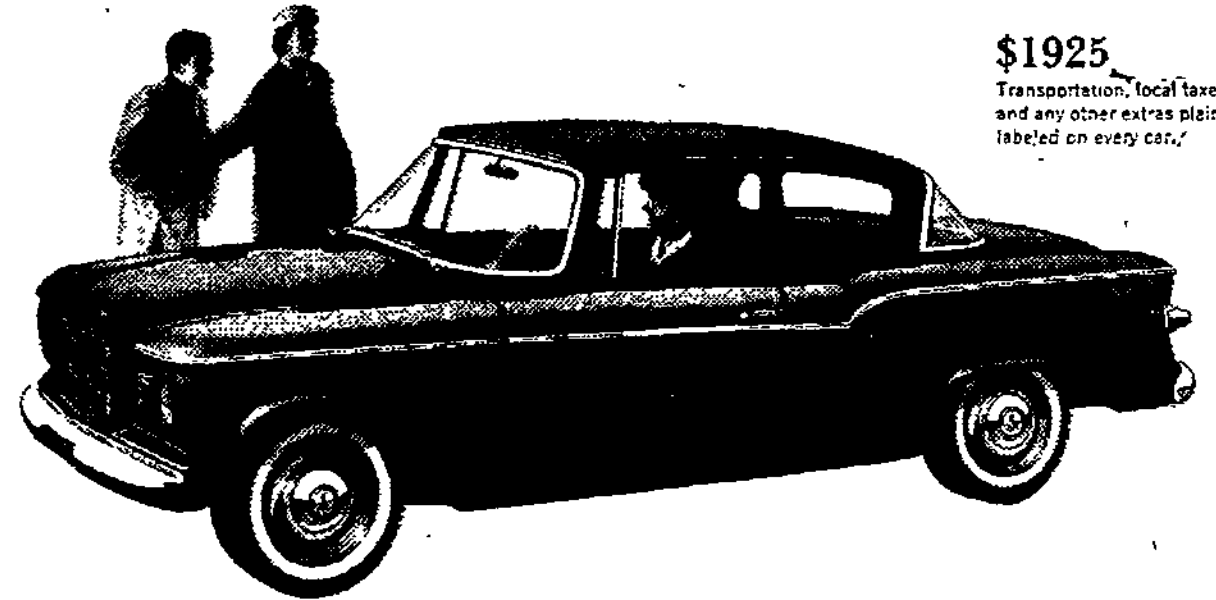

Debbie will be a "twin" to their adopted American Indian daughter, 6-year-old Dottie.

Addition of Debbie, approved in Superior Court Monday, makes eight children for the Rogers—four adopted, one foster daughter now married, and three born to the parents.

Polio on Run But Thousands Of Stricken Still Need Help

The complete and final eradication of polio still remains a prime concern of the National Foundation as it goes into its 21st annual March of Dimes, which was emphasized here today by Mrs. Helena Iseman, campaign director of Warren County.

"The Salk vaccine, developed with March of Dimes funds," the director said, "gives us a powerful weapon for knocking out polio. With this victory in sight, even though not yet achieved, the National Foundation is preparing to march 'Toward Greater Victories' in the realm of public health. But the National Foundation is still pledged to give patient aid to all polio victims past or future who need its help."

Estimates indicate some 150,000 survivors of paralytic polio might benefit from modern techniques of rehabilitation pioneered by the National Foundation. Some 50,000 are already on its patient aid chapter rolls. "In polio research," the director said, "the National

The campaign director pointed out that while polio is on the run it is still crippling people more than three years after development of a preventive vaccine.

"We must keep up our vaccination education program to prevent unnecessary crippling," the director said, "and we must take care of the stricken, even as we raise our sights to include the problems of arthritis and birth defects."

Ten patients are currently being served in Warren County. Mrs. Iseman is president of the Zonta Club of Warren which is conducting the local March of Dimes Campaign.

NOTICE

Notice is hereby given that the First and Final Account of M. A. Kornreich, Guardian of Daniel D. Spicer, will be presented to the Court of Common Pleas for confirmation on February Fourth, Nineteen hundred and fifty-nine at ten o'clock, a. m.

DECISION ON FLUORIDE
Regardless of individual opinions as to the ultimate decision on the controversial issue, one must give high commendation to the manner in which members of the Public Service Committee approached their difficult task and the final report on the issue of fluoridation as made to the January meeting of the Borough Council Monday evening.
The lengthy summation as read by Councilman Warren Miller revealed in a most emphatic manner the many months of study and careful investigation given by members of his committee before deciding on the recommendation made in the report that the Borough Solicitor be instructed to take necessary legal steps to have the County Commissioners place the question on the ballot of the Primary Election May 19th, to secure a referendum on the issue: "Shall Fluoride be added to the water supply of Warren borough?" Other members on the committee who share congratulations for a job well done are Bernard Hedem and "Pete" Julian.
As will be noted in the special article on the subject starting on page one of this issue, the long list of conclusions which comprised the report of the committee as read by Mr. Miller before a packed Council chamber composed mostly of opponents of fluoridation, included the following: Fluoridation was found to be helpful in preventing tooth decay in children to age of 11; it did not comprise 'socialized medicine'; many medical societies have endorsed the addition of sodium fluoride to water supplies; many qualified engineers, technicians and physicians look with jaundiced eyes upon fluoridation; some experts find no injury from the additive; other specialists find injury would be possible.
Considering the columns of information that have been printed, and the manner in which the subject has been debated in public and private during the past five or six years, it was not surprising that the committee decided "because of the conflict, they could reach no decision as to recommendation, to decide finally that the matter should be left with the people."
It is a foregone conclusion that one of the results of last night's recommendation will be that the forthcoming election next May 19 will see the largest turnout of voters Warren borough has ever recorded for a local Primary.

WORLD TODAY
By James Marlow
Associated Press News Analyst
By JAMES MARLOW
Associated Press News analyst
WASHINGTON (AP) — Senate Liberals looked amateurish compared with the professionalism of Sen. Lyndon Johnson of Texas who outmaneuvered their efforts to make it much easier to smash a filibuster.
To make a long story short: When the showdown came they didn't have the votes Johnson did. Knowing the thoroughness of Johnson, it seems safe to say he had his votes lined up beforehand and the liberals didn't.
What happened would indicate one of two things about the fight they made.
1. Either they were overly optimistic on the support they'd get from the rest of the Senate and didn't make a nose count, or—
2. They knew their chance was slim but decided to go ahead and fight anyway for the sake of the record and to get at least some concessions.
Under the old Senate Rule No. 22 a filibuster could be stopped only by a two-thirds vote of all the senators, or 66 of the 98 senators. A filibuster is a prolonged talking spree whose sole purpose is to prevent some bill or measure from coming to a vote.
Such a two-thirds vote is tremendously difficult to get in the Senate, where so many members traditionally cherish the right—which any one of them might want to use someday—to block a distasteful measure.
In addition the rule provided no means at all—not even that big two-thirds vote—for stopping a filibuster against a motion to change the rule.
The liberals set out to get the rule changed right at the start of this session of Congress last Wednesday. They wanted it changed to let a simple majority—50 of the 98 members—stop a filibuster.
But Johnson, leader of the majority Democrats, grabbed the floor right from the start. This was his right, as leader. And he beat the liberals to the punch by proposing that Rule No. 22 be changed this way:
To let a filibuster be stopped—not by the full two-thirds vote of 66 of the 98 senators or by 50 of the 98—but by a simple two-thirds vote of just those senators present on the floor at voting time.
This may seem lots easier to get. In actual practice, it probably wouldn't be, because on anything so important as breaking a filibuster, most of the senators would be present anyway.
But it was a concession to the liberals. Southern Democrats, who have used the filibuster to block civil rights legislation, didn't like the concessions. It was more than they wanted to yield. It was less than the liberals wanted.
But Johnson, whose job is to try to keep all the Democratic senators working together during the year on legislation he wants passed, is a master at compromise. What he proposed about the rule change was enough of a compromise to win the votes it needed for adoption.
From the time Johnson made his proposal the liberals had all most impossible going. The reason Johnson had made a concession that wouldn't antagonize the Southerners too much and would satisfy those other senators who thought Rule No. 22 ought to be changed.
(Turn to Page Six)

Thought for Today
Wherefore, beloved, seeing that ye look for such things, be diligent that ye may be found of him in peace, without spot, and blameless.—II Peter 3:14.
The expectations of life depend upon diligence; and the mechanic that would perfect his work, must first sharpen his tools.—Confucius.

Here and There
It was January 12, 1909, that the four banks doing business in Warren held annual meetings, and reports of elections held as printed in the Evening Mirror of fifty years ago today, read like a roll call of leading business and professional men in the borough of that date: Says the article: "Warren Savings Bank—A. J. Hazeltine, president; J. F. Jefferson, vice president; G. B. Ensworth, cashier; G. H. Jackson and C. B. Ayers, assistant cashiers; W. J. Richards, teller; E. C. Alexander, savings department teller; directors, Walter W. Beatty, James Clark, E. W. Campbell, George H. Dunham, L. R. Freeman, A. J. Hazeltine, J. P. Jefferson, J. B. Moore and C. W. Stone; advisory committee, D. I. Ball, W. M. Lindsey, E. H. Beshlin, Theodore Messner, W. M. Brown, Albert Rockwell, George P. Brockway, W. H. Shortt, A. G. Eldred, H. P. Stone, G. B. Ensworth, W. A. Talbot, Edward Lindsey and Williston P. Wood; Hon. C. W. Stone, L. R. Freeman and J. P. Jefferson reported on suggested changes in the bylaws of the bank. Warren National—President, F. E. Heitzel; vice president, Jerry Cray; vice president, Watson D. Hinckley; cashier, E. H. Lampe; paying teller, John M. Stone; receiving teller, Nathaniel C. Sill; directors, Hon. Wm. D. Brown, D. W. Beatty, Ralph B. Briggs, Lee S. Clough, Charles Chase, Jerry Cray, Miner D. Cray, Andrew Heitzel, F. E. Heitzel, Watson D. Hinckley, Charles W. Jamieson, William E. Rice, C. Schimmling, T. O. Slater, A. T. Scofield, George F. Watson, and Nelson P. Wheeler. First National Bank—F. H. Rockwell resigned as president and Perry D. Clark was elected in his place; F. A. Hall, vice president; F. K. Russell, cashier; C. T. Conarvo, teller; R. H. Wingler, F. C. Bogart, W. A. Cameron and L. A. Branch bookkeepers; directors, Perry D. Clark, F. A. Hall, J. B. Eddy, J. G. Curtis, T. B. Clawson, J. A. Rockwell, F. K. Russell and J. L. Currie. Citizens National—President, H. A. Booth; vice president, F. P. Hue; cashier, D. L. Gerould; teller, O. A. Pressel; directors, H. A. Booth, W. C. Norris, E. T. Hazeltine, J. G. Curtis, Samuel Peterson, Bernard McDowen, F. P. Hue, Hon. E. H. Beshlin and D. L. Gerould.
Speaking of elections back in 1909, here's a paragraph from the "Reflections" column, that should interest members of the Warren Council Knights of Columbus: "The following new officers have been installed by the Warren K. of C. of District Deputy John T. Brew, of Erie: The Rev. Father Gleason, chaplain; J. W. Masterson, grand knight; Thomas Giltinan, deputy grand knight; Charles Brennan, chancellor; William Gaughn, warden; Thomas Clark, financial secretary; E. Hegerty, recording secretary; Harry Roman, outside guard; John Derwin, inside guard; John Gordon, lecturer; Following the installation, Barney McDowen was presented with a handsome gift by members in recognition of his faithful service in behalf of the order. Attorney F. J. Lyons made remarks, as did others."
And finally this one about the meeting of the Warren County Medical Society with election of officers for the year 1909: "Dr. C. W. Schmehl gave his annual address on vital statistics of Warren, and the following officers were elected: President, C. W. Schmehl, Warren; vice president, Dr. G. T. Piyor, Sheffield; vice president, Dr. C. C. Flatt, Corydon; treasurer, Dr. J. C. Russell, Warren; secretary, Dr. L. E. Chapman, Gladwin; censors, Dr. M. V. Ball, Warren; Dr. James Gass, Sheffield; and Dr. I. G. Hyer, Clarendon."
American scientific skill made 1958 a year of great accomplishments in the view of the World Almanac and Book of Facts for 1959. Its annual survey cites the successful placing of satellites in orbit the conquest of ICEM, the first big try for the moon, and the voyages of the nuclear submarines Nautilus and Skate under the North Pole as proof of the resurgence of American technical capacities. More influential on the home front, however, says the Almanac, was the election that turned into a victory for the Democrats in many states yet lost them New York. Next in importance was the quick turn of the recession of early 1958 into the partial recovery of the fall. Actually, this had the greatest effect on the general welfare, cutting down unemployment and engendering optimism concerning the future economy. In the foreign field, the Almanac finds the United States successfully held the peace in the Middle East by its despatch of the Marine to Lebanon in conformity with the Eisenhower Doctrine. Here this annual reference volume has much turbulence to report: the assassination of the King of Iraq; the military coup in the Sudan; the threats against King Hussein of Jordan and the British interests in Kuwait; and Aden; the wedding of Syria and Egypt into the new United Arab Republic with the adherence of Yemen; and the maneuvering of President Nasser between the Soviet Union and the West to gain advantages for his pan-Arabian program. The

Argot--Eye Opener--Explanations--Firebug's Delight--Something Extra
BY JERRY BENNETT
NEA Staff Correspondent
WASHINGTON—(NEA)—There's a new verb in the gobbledygook vocabulary. It's attributed to John W. Hanes, formerly one of Secretary of State Dulles' assistants, now promoted to Administrator of Security and Consular Affairs.
The verb is "lase" (pronounced lee-aze). No, you won't find it in any dictionary. It's a corruption of the French noun "liaison," which originally meant illicit relations, but is now used to indicate that military forces or government bureaus or any two groups of people are in communication and cooperating with each other.
The way Hanes sprang it on some of his colleagues at the recent UNESCO conference in Paris was, "We better 'lase' them." He meant keep in touch with 'em.
BIGGEST LAUGH at the American Association for the Advancement of Science conference here was provided by an Air Force technician who described the recent firing of a monkey into space. He explained that the animal was sound asleep when placed inside the missile.
"However," the scientist declared, "our instruments show that he awakened immediately during the take-off blast."
AFTER KICKING OFF a press conference with several rounds of high-powered martinis, some Westinghouse scientists announced the invention of an electronic computer called Upcom which they touted as the highbrow of mechanical brains. Then they attempted to explain to their slightly woozy audience how it worked.
Soon a reporter complained that the explanation was completely over his head and asked if it couldn't be told in simpler words.
The Westinghouse spokesman said that it just so happened that the top Upcom research

Radio and TV
By CHARLES MERCER
NEW YORK (AP)—The Bell Telephone Hour opened its series on NBC-TV Monday night with a program advertising the theme of adventures in music.
Personally, the only adventure I detected in the program was whether I would last to the end. I did, and I'm glad, because the last 20 minutes was the best of the hour. Then Harry Belafonte sang ballads, folk songs and spirituals delightfully—overcoming the handicap of atrocious staging and lighting.
Members of the New York City Ballet offered a travesty on the mores of 40 years ago. It whistled over my head—grotesquely. But I enjoyed the background piano of Arthur Gold and Robert Fildale.
Renata Tebaldi sang selections from "Madame Butterfly." She was in excellent voice.
There also was some business of Maurice Evans speaking Ogden Nash verse set to the music of "Carnival of the Animals" while Baird puppets leaped about. I don't know what was behind this idea.
The program dispensed with that tired old television hack: The master of ceremonies. I could have used one to lead me by the hand through this wasteland.
A TV dramatization of Leo Tolstoy's "Family Happiness" will star Gloria Vanderbilt and Jean Pierre Aumont on "United States Steel Hour" Feb. 11. Miss Vanderbilt's husband, Sidney Lumet, will direct the Theatre Guild production.
World Almanac for 1959 publishes many new tables of statistics and descriptive matter. Among the latest information in the book is the complete list of cardinals of the Roman Catholic Church, with the 25 named by Pope John XXIII; a report on the first sample religious census taken by the U. S. Government, with its estimates of membership in the major denominations; population returns for many cities that had special censuses in 1957-58, and a roster of federal and state officials and government agencies.

How to Keep Well
By Dr. Theodore R. Van Dellen
(© 1958: By The Chicago Tribune)
To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is inclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.
EKG DISEASE
Electrocardiographic heart disease was common years ago. Its victims were men and women who had been told their old ticker was under par because abnormalities were noted in the electrocardiogram.
The bad news had a varied effect. Patients with symptoms of cardiac disease felt worse and those who had been feeling fine before the test became heart conscious thereafter. Stolid individuals showed no emotion and the more suggestive became basket cases.
We can blame ignorance for these mistakes. It took the medical profession years to learn how to interpret electrocardiograms. Many wiggles in the tracing that were considered abnormal 20 years ago are regarded now as variations of normal.
When an inverted wave was found in 25 per cent of persons with heart disease, the old-timers concluded that this finding must be abnormal whenever it occurs. In time it was learned that some normal hearts also showed this peculiarity.
Eventually, it became more and more obvious that the electrocardiogram ought to be regarded as an adjunct and not the final word in diagnosing heart ailments. The machine has a place in the recognition of heart disease but is only one piece of the jigsaw puzzle which—when completed—represents the final story.
Symptoms, heart sounds, the size and shape of the organ are other pieces. The modern physician tends to disregard variations in this and other tests when the individual otherwise is sound and healthy.
Nevertheless, the electrocardiogram can be of great value when used over a long period of time. The tracing is as constant as the fingerprints and does not change unless the heart is damaged.
For this reason, everyone should have an EKG and keep it in a safe place for future reference. It always can be used for comparative purposes should heart disease be suspected.
TOMORROW: Taller children.
DISEASE OF PANCREAS
Mrs. A. writes: Please explain a deficiency of the pancreas in a year old child. He is on a rigid no fat, no starch diet to prevent diarrhea.
REPLY
This youngster may have cystic fibrosis of the pancreas, a congenital disease in which the pancreas contains more fibrous than glandular tissue. The ensuing deficiency of pancreatic enzymes is counteracted by a diet low in starches and fats. There are other conditions in which digestion and absorption in children are affected: celiac disease is one.
WEAK-KNEED
W. D. writes: My knees give out on me and the doctor said my hamstring muscles are weak. Is there any way to strengthen them?
REPLY
Yes; exercise helps. Send a stamped, self-addressed envelope for our leaflet on weak knees, which give various forms of exercise.
WHAT ABOUT MINT JULEPS?
Mrs. W. F. writes: For years my family has enjoyed a sprig of fresh garden mint with iced tea. Recently we were told that mint is a slow poison. Is this so?
REPLY
No. If it were, the majority of Kentucky Colonels would have been dead long ago.
EMBEDDED SLIVER
K. R. writes: If a wooden sliver entered the body and was not removed, would it decompose in time?
REPLY
No. If it does not fester, calling for removal, scar tissue envelops the foreign substance.
Today's Health Hint—
Constant crying in childhood is a sign of poor health.

Business Mirror
By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Guessing how much oil the world is going to use in any particular period is a highly specialized job in the petroleum industry. Getting crude oil and its products to the point of demand on time is another. Both can affect your pocketbook.
Politics and weather can influence both. Examples:
1. Closing of the Suez Canal due to international politics disrupted the normal flow of Mid East oil to western Europe. The result was a busy workout for oil producers in the United States, followed by higher prices for American consumers.
2. Unusually bitter weather of late in many parts of this nation is leading to a rise in fuel-oil prices in some places and prospects of the same elsewhere.
3. Threats of an upcoming strike against some oil companies shortly also could mean: some shortages, higher prices some places.
Every day about 700 million gallons of oil products are delivered to consumers in the world this side the Iron Curtain. To get it to them the oil companies first take some educated guesses as to where the demand will be, and how much in each spot. Then they turn to fleets of ocean tankers, river barges, motor tank trucks, railroad tank cars, and pipelines.
The last, being largely invisible, go mostly unnoticed in the United States. Here they run a poor second to a much more extensive pipeline system, the some 500,000 miles of natural gas lines.
But oil pipelines continue to grow.
The first pipe line of any size was a 5-mile, 2-inch diameter job in 1855, six years after the first discovery well was drilled in Pennsylvania.
Now five million barrels of crude oil and oil products each day pour into thousands of separate, slow-moving streams, part of a network that covers 190,000 miles in this country.
They carry 77 per cent of the crude oil produced in the United States and 39 per cent of the refined products sold.

Parish Meeting Of Presbyterians In Sugar Grove

SUGAR GROVE—The annual congregational meeting of First Presbyterian church was held at the church, following a meeting of the Session.

Rev. George Kerchner, of Erie, served as moderator of the session and ecclesiastical meeting. Robert Morgan, the corporation meeting; Fulton McKay acted as clerk for the three meetings. Prayers were offered by Rev. Kerchner and Mr. McKay.

New officers elected were: Elders, Allan Frank and Mr. McKay; trustees, Kenneth Frank, Raymond Crispin, Richard Sanders; auditors, Mrs. Conrad Youngberg, Mrs. Scott Stuart, Jr.; majority nominating committee for the coming year, Mrs. Allan Frank, Mrs. Fulton McKay, Arthur Cody, Mrs. Ray Gruber.

Reports of all organizations were given and accepted. Mr. Morgan, president of the board of trustees, reported a meeting of that group will be held soon to plan extensive improvements in the manse.

Mr. McKay included in the session report a memorial for the late Frank B. Miller, who had been a member of the church 42 years and served as an elder and most efficient clerk of session for 20 years. The congregation voted to have the session appoint a committee to have charge and arrange memorials for the church. Many

friends of Mr. Miller have contributed to such a fund. The church has received a gift from the estate of the late Mrs. Mary Miller Dalrymple, of North Warren, which has been placed in a memorial fund. Members of the Miller family have been active in the local church much of the time since its organization in 1921.

Presbyterian School Has Fine Beginning

In attendance at the first session of the School for Christian Living, held at First Presbyterian church Sunday evening, were 163 persons, with the Elmer Morgan family conducting the worship service at 6:30.

Over 100 adults enrolled for the following courses: "Prayer and Personal Religion," "Christianity and Communism" and "Protestant Beliefs and Christian Symbols." The pastor, Rev. Donald H. Spenser, introduced teachers for the adult courses. Rev. Gilbert Van Bevel, of Jamestown First Presbyterian church; Robert L. Wolfe, of Warren, and Rev. Horne, of Tidououte.

The children's program was in charge of Mrs. Robert Lewis. Mrs. Clair Proud and Mrs. Willis Lundahl. Preceding the school session, a ham supper was served by the Jefferson Men's Class, with C. E. Burger in charge.

The School for Christian Living will continue the next three Sunday evenings. Ralph E. Sires is committee chairman.

DAR Has Civil Defense Program

James Wright, head of the radiological division of the Warren County Civil Defense Council, was speaker for the January meeting of General Joseph Warren Chapter, Daughters of the American Revolution, held Thursday at the YWCA activities building.

Mr. Wright discussed radioactive fall-out, what it is, what its dangers are, and what to know and do should such a disaster occur. In summarizing, these steps for protection and safety are education, evacuation, shelter, and decontamination.

The routine business session was conducted by the regent, Mrs. W. C. Fuellhart. Miss Ethelyn Connelly was elected delegate to the DAR continental congress in Washington, D. C., April 19-25; alternates are Mrs. Jean Keim Johnson, Mrs. G. W. Olmsted, Mrs. Quentin Holt and Mrs. T. K. Stratton.

Arrangements for the social hour were under the chairmanship of Mrs. Stratton, with Mrs. S. D. Blackman and Mrs. W. E. Yeager presiding at the tea table.

JAMESTOWN CONCERT

Area members of the Jamestown Concert Association, Inc., will be among the many who will enjoy hearing the Pittsburgh Symphony Orchestra in Jamestown High School auditorium at 8:30 p. m. Monday, January 19.

In conjunction with this second concert of the current season, it is interesting to note the Pittsburgh Symphony paid its first visit to Jamestown around the turn of the century, under the sponsorship of the Mozart Club. It performed at the old Samuels Opera House, now Shea's Theatre, where its conductor was one of America's best-loved musicians and composers, Victor Herbert. Under his imaginative guidance, the Pittsburgh Orchestra flourished, adding dash and color to that era.

GRANGE PARTY

A belated report concerning the Warren Grange Christmas party states there were 65 members and 35 children in attendance. The youngsters participated in the program, all enjoyed group singing, and Santa Claus visited personally with each child before presenting him with a sock, candy, oranges and a gift. Cookies, milk and sandwiches were served to the small fry; adults had a gift exchange and enjoyed coffee, sandwiches and cookies served by the committee.

HOSPITAL AUXILIARY

All Warren General Hospital Auxiliary members are urged to turn out Friday afternoon for their sewing session, to be held at 1:30 p. m. in the hospital library.

"SAY AND DO EVERYTHING ACCORDING TO THE SOUNDEST REASON"

They Should Not Be Hidden Away

Making good use of the perfume, cologne and bath salts you got for Christmas is thrifty. If you put them away, they gradually lose their strength and you miss the joy of walking in a cloud of delicate scent. This pretty traveler (left) takes along her favorite toilet water in a tweedy scent as she starts on a journey. A Christmas gift, it's in handy splash form, a gold flacon that won't spill or break.

She'll replace it once it is emptied since it's indispensable. At home, this girl uses her gift (center) just before going out for dinner. It's a perfume spray to carry in a handbag, one which measures over 300 sprays of flattery. This girl (right) got her favorite foam bath in a lace-inspired scent. It's the kind of thing that turns a bath into a luxury.

BY ALICIA HART, NEA Beauty Editor

Chances are you not only received your favorite perfume for Christmas, but other scents too. Perhaps one of your gifts was a perfume far costlier than you would buy for yourself. Or you may have received a fragrance you've never tried before.

Either way, it's safe to wager that perfume and cologne were favorite gifts this holiday season. And now is a good time to learn how to get the most out of them.

First of all, remember it's foolish to save perfume for special occasions. There's no point in wasting it if you plan to spend

the evening at home, reading. But whenever you are going to be among people, it's equally silly not to use it.

Should your budget demand it, of course, save your expensive fragrance for the more glamorous moments. And here's the way to do it.

All perfume evaporates but the process can be retarded by storing the perfume in a dark, cool place. Another good trick is to blow hard on the stopper before

helps resal the bottle and slows up evaporation.

It's wise not to wear a particular scent just because it seemed so wonderful on a friend. Our body chemicals differ, and it may be that you won't like it at all on yourself.

Remember when you apply a fragrance that it should go on YOU and not on your clothes. Apply it to the pulse points—the temples, wrists and base of throat—and also to the ear lobes, neck and palms. Be sparing in

dabbing it on, though, or you'll be overpowering.

Of course, toilet water and cologne are less concentrated and can be used more liberally. If you prefer using an atomizer to dabbing on perfume, spray the scent into the air and walk through it. It will leave a delicate fragrance that will cling for hours.

Above all, never use perfume just before you leave the house for a date. The scent will disappear immediately when

you step outdoors. Give it at least 20 minutes to set before you go out.

There are fun uses for perfume, too. For instance, a touch at your nostrils at night will help you sleep. And there's much pleasure to be gained from a drop of scent in the last rinsing water after your shampoo.

It's a rare gal who doesn't love perfume. And if you apply it properly and are careful when you store that "extraspecial" bottle, you should reap months of delight from your Christmas fragrances.

Japanese Program at Calvary WMS Session

Under Japanese lanterns and in the flowery setting of a Japanese tea room, women of Calvary Baptist church presented the message "Son-Rise in the Land of the Rising Sun" Mrs. James Holmberg, program chairman, gave the welcome and formal introduction of the program, opening with congregational singing.

Mrs. Elsie Hollabaugh, vice president, presented Scripture, meditation and prayer. The "Land of the Rising Sun" was introduced by a colored film strip "Cherry Blossoms and Good News," a Baptist General Conference presentation of Japan and her Gods versus missionary efforts to bring salvation to a superstition-ridden people.

During the informative and challenging skit that followed, Glenna Graves, Betty Selander, Karen Wagner and Lodusky Hollabaugh were Japanese guests in the tea room, while

Marjorie Olney presented the Mission Advance in Japan. Mrs. Russell Irwin, as Takahashi-San, Japanese, presented her country's life and ways, superstitions and symbols, poverty and backwardness, closing her dissertation with the joy at the entrance of American Missionaries and the Good News of Salvation.

A skit, presenting the story of salvation in the tea room setting, was played by Emma Moore as missionary; Mrs. Glen Swanson and Mrs. Kenneth Brown as Heidi, Japanese wife of an American GI. The skit was brought to a close by the vocalizing of the Japanese occupants of the tea room, "All the Burdens of My Heart Are Rolled Away," in the Japanese tongue.

The program closed with a missionary challenge by Mrs. Walter Thompson, a farewell challenge from the Japanese people by Mrs. Irwin, and a missionary prayer poem by Mrs. Edith Hagstrom. At the organ for background music and vocal accompaniment was Mrs. Clarence Swanson, president of Calvary Baptist Women's Group.

SALEM WSWs

A good attendance is desired when the WSWs of Salem EUB church meets at the home of Mrs. Selma Rydholm, 306 Park street at 8:00 p. m. Thursday. Mrs. Francis Fehlman and Mrs. Howard Jarvis will be hostesses. The topic for devotions will be "Understanding Is Better Than Silver."

TRINITY WOMEN

Members of the Evening Chapter of Trinity Women will have a luncheon meeting in the parish house at 6:30 p. m. Wednesday, Mrs. Beecher M. Rutledge will be in charge of the program to follow the meeting.

WBA ACTIVITIES

West Review No. 4, WBA, will meet in S. F. of A. Hall Thursday for a social afternoon, dinner at 6:00 and the regular business meeting at 8:00 o'clock.

Officers Named For Newcomers

At the January dessert-meeting of Newcomers Club, held at the Penn-Laurel Motel with 25 members in attendance, the following officers were elected for the 1959-1960 term:

Mrs. Denise Alburger, president;

Mrs. Marty Harrington, vice president; Mrs. Jen Saylor, secretary; Mrs. Jol Naskey, treasurer.

Hostesses for the evening were Mrs. Jo Thomas and Mrs. Margie Bosch. Tables were attractively decorated with white candles and one large centerpiece of gladioli and mums.

James Stevenson, publisher of the Titusville Herald, was guest

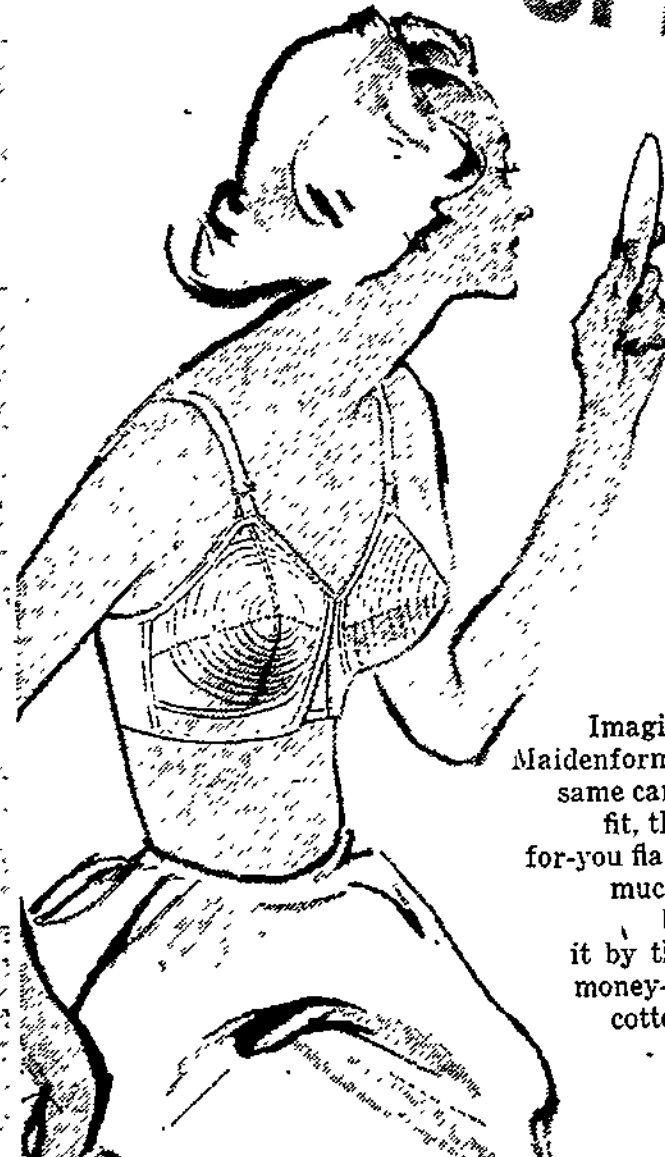

speaker on the subject "Pithole the Vanished City."

Next club session will be held February 5 in the form of a dinner-meeting at the YWCA. Entertainment will be the A Cappella Chorus, under the direction of Carroll Fowler.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder on your plates. Hold false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" breath. Get FASTEETH at drug store counters everywhere.

New Classes at "Y" Begin Soon

Announcing the start of new classes for 1959, the YWCA indicates its Ladies' Day Out will be held every Tuesday from January 20 through March 24, following this schedule:

Beginners' Bridge from 9:30 to 11:30 a. m., with Mrs. James Sues as teacher; Swimming Class at the same time. Those who wish to remain for the afternoon classes may bring a lunch, the coffee and dessert to be provided at a nominal fee.

Two fascinating new courses have been added this term: "House Beautiful", dealing with interior decorating, kitchens, construction and care of furniture, architecture, new trends in homes, landscaping, and phases of financing a home as some of the emphases of this course. Robert "Pop" Young will direct the course on Current Events, which has become a popular innovation. The House Beautiful Course and Current Events Course are scheduled for Tuesdays 1:00 to 3:00 p. m.

Evening Classes, held from 7:30 to 9:30 p. m., include military, with Mrs. Todd Siggins as teacher; ceramics, taught by Mrs. Howard Donaldson; intermediate bridge, with Mrs. Sues as director. Folks taking these classes are asked to enroll no later than January 18. YWCA membership is required, plus the class fee.

The "Y" has announced Mrs. R. P. Krzewinski will be chairman for Ladies' Day Out. Working with her are Mrs. R. J. Reynolds and Mrs. John E. Saylor; while Mrs. R. A. Probst is over-all chairman for adult activities.

Dorothy Roe Says

By DOROTHY ROE

Associated Press Women's Editor

NEW YORK (AP) — Every French designer should be required to make periodic trips to America, says Mme. Yvonne Minassian, a petite and knowing blonde who has been with the House of Dior in Paris since its inception.

I talked with Yvonne during the first afternoon's showings of New York spring fashions, staged for 200 members of the nation's fashion press.

As the fresh, youthful — and mass-produced — fashions paraded down the runway, the French woman's eyes sparkled with appreciation.

"The things are charming," she said. "Anyone would like to wear them. Here in America they work on trends that are needed, I think, while in Paris they just design."

What America will wear next spring was evidenced in the day's showings by such designers as Anne Fogarty, Nettie Rosenstein and Wilson Folmar of the House of Edward Abbott. Yvonne applauded as the new Fogarty designs appeared — fresh, flattering shirtwaist dresses in gay silk prints, capsule sheaths in flannels and linens, sheer, full-skirted date dresses for the young in heart.

When it was announced that these dresses retailed at from \$40 up, Yvonne gasped: "How lucky you are, you Americans!"

This alert ambassador of French fashion gives full credit to American know-how in making smart, wearable clothes available to the public at prices within the average budget. But she isn't selling French fashion short.

"I can see in many of these so beautiful dresses inspirations from the last Paris collections," she said. "But they have been adapted so skillfully to the American taste. They are not copies. This I do not mean, but the original feeling perhaps was born in Paris."

Marconi Bridge Club Election And Tournament

Prefacing its regular Monday evening tournament with the annual business meeting, Marconi Bridge Club elected the following to serve as officers in the coming year:

Mrs. Helen Rockwell, president; Mrs. James Potter, vice president; Mrs. James Sues, secretary; A. J. Moon, treasurer. Additional members of the executive board are Mrs. D. E. Conaway, Dr. R. H. Israel, James R. Valone and Mrs. George Sarvis. M. A. Kornreich was renamed tournament director for the club.

In the weekly tournament which followed the business session, nine tables were in play and average in both fields was 108. Top-scoring pairs were recorded as follows:

North-South — Miss Felicia Lucia and Mrs. J. A. Bevelino, 126½; Mrs. Richard Wolfe and Mrs. Jessie Sandrock, 120½; Mr. and Mrs. N. J. Mangus, 120; Mr. and Mrs. D. E. Conaway, 112½; Mrs. Adele Holland and Richard Wolfe, 112.

East-West — Dr. R. H. Israel and D. L. Vetter, 147; James R. Valone and D. A. Scallise, 121; Harry Kopf, Jr., and N. Anthony Scallise, 117; Henry Hunzinger and A. J. Bova, 107; Dr. and Mrs. James Sues, 106½.

Club members and friends will meet again next Monday evening at 8:00 for their regular tournament.

Licensed Practical Nurse Installation

An installation service for newly-elected officers was a feature of the January meeting of Warren County Licensed Practical Nurses' Association, held at the YMCA. Inducted for 1959 was the following slate:

President, Nina Patchen; first vice president, Mary Lee Dyke; second vice president, Margaret Anderson; third vice president, Mary Saylor; secretary, Veronica Wert; treasurer, Annie Erickson; chaplain, John E. Mathy; sergeant at arms, Olga Pierce.

Following the installation, members held a Memorial Service for Miss Ann Elder, member of the group who died on Christmas Day. Over signatures of the president and secretary, Mrs. Patchen and Mrs. Wert, the following resolution was adopted by the membership:

"Inasmuch as it has pleased our heavenly Father to call home on December 25, 1958, our beloved sister nurse, Ann Elder, we, the members of the Licensed Practical Nurses' Association, do hereby resolve: To drape our charter for 30 days in loving memory of the departed member. To send a copy of this resolution to her family. To send a copy to the local paper. To enter this resolution in our minutes of January, 1959."

In addition, Mrs. Patchen presented the following "Tribute to Ann Elder": "A dedication of life of service, to her God and fellow-man, this nurse so full of compassion, known to us as Ann. She helped the sick and aged, and smoothed the fevered brow; but God had a greater need of her, and she is with Him now. Our circle has been broken. We will miss her quiet way; but may the good that she has done, be our standard, day by day."

GRANGE DINNER

Pleasant Grangers will have a dues-paying tureen dinner at 6:30 p. m. Wednesday, each to bring a tureen, rolls and table service. The regular business meeting will follow and the lecturer has planned an entertaining program for later in the evening.

WOMEN OF MOOSE

At the regular meeting of Warren Chapter 693, Women of the Moose, to be held at 8:00 p. m. Wednesday in the Moose Temple, the child care chairman, Sally Yeskey, and her committee will present their regular Chapter Night.

CIRCLE MEETING

Martha Graf Circle of Grace Methodist church will meet at 1:45 p. m. Wednesday at the home of Mrs. Nancy Cheres, 87 Buena Vista boulevard, and every member is urged to be on hand.

EAGLES' AUXILIARY

A very important meeting of Lady Eagles will be held in the clubrooms at 7:30 p. m. Wednesday and attendance of all officers and interested members is urgently requested.

Amparo Iturbi Featured Here Friday Night

Second in this season's Community Concert offerings will be the appearance of the National Artists Symphonette at Beaty Junior High School auditorium at 8:45 p. m. this Friday.

The Jaycee music committee urges that all members note the change in time, from the original scheduling at 8:30, in order that Friday night shoppers in the Warren area might be accommodated.

The Symphonette, previously known as the Virginia Concert Orchestra, is currently on its first coast-to-coast tour, which will take the ensemble to virtually every state in the Union to perform over 60 concerts.

A distinguished ensemble of first-chair virtuosi, drawn from all the major orchestras of the country, the Symphonette has for its conductor William Haaker, of the Virginia Symphony Orchestra, and features Amparo Iturbi, accomplished pianist and sister of the great Jose Iturbi.

Amparo Iturbi, piano soloist, has been acclaimed on three continents as one of the most gracious and talented keyboard artists currently before the public. Spanish-born Miss Iturbi has appeared in concert in every one of the United States, as well as in Europe and Latin America, and has been featured soloist under the batons of such eminent maestros as Mitropoulos, Ormandy, and her brother, Jose.

This will be Miss Iturbi's second visit to Warren as performing artist and, in response to many requests, the committee has decided that it will make available to the public single admissions for this one concert only. Such admissions may be secured at Beaty box office on Friday evening.

Sugar Grove

SUGAR GROVE—Mrs. Clare Chapman will be hostess to the Woman's Missionary Society Thursday afternoon.

Mr. and Mrs. Sidney Alexander of New York, who conduct the Deer Run Summer Camp, and Trudy Taylor, camp nurse from Pittsburgh, have been spending a week at the camp.

Mrs. Clarence Sherrard was hostess to NE Club, with Mrs. Guy J. Summerson as a guest.

Mr. and Mrs. Neil Scott and daughter, Ruth Anne, have returned from a vacation in California. Among many interesting features of their jaunt was attendance at the Tournament of Roses Parade on New Year's Day.

Mr. F. A. Schoonover was hostess to the Methodist Widoausis Class, for a one o'clock luncheon. Flossie Broughton conducted the devotional period; Mrs. Jesse Thompson, Mrs. Albert Joy, Mrs. Chester Mason and Mrs. Alvin Rhodes took part in the program. The group voted \$10 toward a mimeograph machine for the church. Mrs. Rhodes will be hostess for the February meeting.

Mr. and Mrs. Richard Manross have left to spend several months in Tucson, Ariz.

Dr. and Mrs. A. A. Grant entertained 14 for a recent dinner party, guests being from New York, Jamestown, and Sugar Grove.

Recent guests of Mr. and Mrs. Lawrence Sanden have been Mr. and Mrs. Glenn Sanden and daughter Cynthia, of 5703 Osborn road, San Bernardino, Calif.; Mr. and Mrs. Eugene Sanden and three children, Jamestown; Mr. and Mrs. Harvey Sanden and son, Stephen, of Cambridge Springs; also Mrs. Bertha Putnam of Grand Valley, who is spending several weeks with her daughter.

Howard Rathbun has left to join his wife in Philadelphia, where she is caring for her sister, Mrs. Samuel Tage, who is ill.

Mrs. Andrew Johnson, Mrs. John Stuart, Mrs. Harry Williams and Mrs. Perry Wilcox attended the Family Birthday Club meeting at the home of Mrs. Everett Russell on the Wellman road. The gathering honored Mrs. Johnson, who was remembered with nice birthday cards and gifts.

Marlow Looks At the News

(From Page Four)

softened a bit but not too much. The result: The liberals were voted down on one attempt after another to get the rules changed to their liking, thus paving the way for overwhelming adoption of Johnson's proposal.

There's no doubt the liberals did a lot of homework: Research on the history of Rule No. 22 and the filibuster. But in the terribly important field of practical politics — votes — whatever they did wasn't enough.

Times Topics

ENGINEERS' SPEAKER

"Man Made Diamonds" will be the program topic for the January 15 meeting of Chattanooga-Warren Chapter, American Society of Tool Engineers, to be held at the Bar-B Ranch Restaurant on the Sugar Grove-Bustard road. The schedule includes a fellowship hour at 6:30 dinner at 7:00, with the program to follow. Speakers will be John W. Ripple and John A. Muell, representing the Carbide and Tool Company of Niagara Falls; James T. Elovich, of General Electric in Detroit.

KANE SUSPENSIONS

Among suspended licenses by State Liquor Control Board effective Feb. 4, included two establishments in Kane: Moose Lodge No. 130, Kane, 40 days and thereafter until conditions which caused the citation are corrected; sales to non-members without prior arrangements; public dances permitted on a portion of the licensed premises; failed to keep complete and truthful records; permitted gambling; disorderly operation. Other suspension was Feliciano Zega, Kane, 15 days; sale to minors.

XMAS TREE WINNERS

The Associated Press has released this list of first place winners in the six Christmas Tree classes at the state fair show: Douglas fir, Delong Christmas Tree Farm, Sinking Spring, RD 2, Berks County; Norway and white spruce, R. L. Larson, Smethport, McKean County; Scotch pine, Tobias Yule Tree Farms, Pine Grove RD 3, Schuylkill County; other pines, C. V. Peeling, Camp Hill, Cumberland County; fir, H. D. Ashway Chamberburg, Franklin County; miscellaneous species, R. L. Larson, Smethport, McKean County.

Letters to Editor

13 January 1959

Today I am happy I am not a Warren Borough Councilman, for my head would hang low in shame. To think that I did not have the courage to stand up to the violent, uninformed rabble rousing opponents of a rationally accepted program for better health would bend me low.

I fall completely to understand how grown men, elected to guide the destinies of our wonderful town could cast aside so lightly the opinions of its own Health Dept. and of all the physicians and dentists in Warren in favor of the expressions of a few noisy, unqualified, pseudo-experts.

To say that they are in favor of a referendum and then to say they will not be bound by the decision of the people is pure, unadulterated poppycock. Why bother with the referendum? Obviously, this is just another way of deferring a decision in a controversial question, and I presume those councilmen up for election this year will also be just as vague as to where they stand on this question before the election.

Warren will have fluoridated water eventually, but it would be wonderful to be known as town progressive in developing and maintaining the highest possible health standards: at the front in progress instead of wagging the tail.

The opponents of fluoridation have called me a man of "half truth" and just one week ago I was accused of being a Communist by someone so brave as to send me an anonymous letter. I hope my friends and patients will accept this as just reason for this letter.

One final thought comes: I wonder if the next time one of our Councilmen has occasion to call a doctor, if he will hold a public referendum to see whether he should accept the physicians treatment or prescription.

Sincerely,
Lee Borger, M. D.

Birth Record

At Maternity

Mr. and Mrs. Lawrence Beers, 318 Union street, a son January 12.

First German military men to get training in missiles since the end of World War II were recently graduated by U. S. Army at Huntsville, Ala. Now they will be trained in supersonic missiles at Ft. Bliss, Tex.

ADMINISTRATION NOTICE

Letters testamentary on the estate of Charles F. Anderson, late of Pine Grove Township, Warren County, Pennsylvania, deceased, having been granted to the undersigned, notice is hereby given to all persons indebted to said estate to make immediate payment, and those having claims or demands against the same will present them to the undersigned, properly authenticated for settlement.

OBITUARIES

FUNERAL INFORMATION WILL BE FOUND UNDER ANOTHER HEADING

CHARLES M. HANSEN

The Rev. Francis E. Fehman, pastor of Salem Evangelical United Brethren church, conducted funeral services at 2:00 p. m. Monday for Charles Maurice Hansen, former resident of Beech street, who died in Clearwater, Fla., January 7.

Serving as bearers for interment in Oakland cemetery were Charles and Laverne Hansen, Wilbur Slack, William Tingwall, James Madden and Maynard Beck. Military ritual was conducted by Chief Complanter Post 135, American Legion, with Charles Kirchartz, chaplain, Robert Anderson and William Walker, who made the flag presentation.

Attending the rites from away were Mr. and Mrs. Charles Hansen, Lorain, O.; Mrs. Leonard Siliano, Chancellors Valley; Miss Rita Kasaback, Sheffield; Mr. and Mrs. Alton Hitchcock, Mr. and Mrs. Raymond Beck, Sugar Grove; Mr. and Mrs. Lloyd Vinton, Kennedy, N. Y.

A prayer service in Mr. Hansen's memory was held in Clearwater Friday afternoon.

GERALD L. KING

Investigation continued into the death today of Gerald L. King, 64, who was found dead in his car in a garage behind his home at 201 Russell street about 3:45 Monday afternoon.

Coroner Ed C. Lowrey expected to issue a certificate of death by suicide due to asphyxiation from carbon monoxide poisoning late this afternoon.

Mr. King, an employee of Warren Components since November, 1946, was in the habit of eating between noon and 12:30 in the company cafeteria. He disappeared during that time yesterday and failed to return to work.

At 2:30 p. m., Mrs. Clair Proud, Jr., passed the garage, located on Compulenter avenue, adjacent to the Russell address, and noticed a motor running behind the closed doors. She paid no attention, believing someone was repairing an auto.

About an hour later, Mrs. Proud passed by again, and hearing the motor still running, became suspicious. Hailing a passing motorist, Terry Stomdahl, driver for Baker's Cleaners, they opened the garage doors. Seeing King slumped over the wheel of his 1954 Plymouth, Mrs. Proud summoned Warren Fire Department to the scene.

The inhalator squad worked on the man for approximately one-half hour. Failing to respond to the firemen's attempts, Dr. J. F. Crane pronounced King dead at 4:15.

A blanket had been draped over the rear bumper to the garage floor, backing fumes under the car. Windows were rolled down half way.

Relatives reported Mr. King was around as usual Sunday and yesterday morning.

Gerald Lee King was born in Farmington township 64 years ago and had spent his entire lifetime in this vicinity.

Surviving are four children, Robert King and Mrs. Ronald Rieder, Warren; Mrs. Julius Paukov, Fort Wayne, Ind., and Mrs. Frank Henretta, Clearwater, Fla.; also nine grand children; one sister, Mrs. Pearl Gilmore, North Warren. His wife, Blanche J. King, preceded him in death in 1956.

The Rev. John Z. Andree, pastor of First Church of the Nazarene, will conduct funeral services at 3:30 p. m. Thursday and interment will be made in Foster cemetery at Lander.

MRS. MARY MERENICK

Funeral services will be held Thursday morning for Mrs. Mary Merenick, 26, Locust St., who died Sunday afternoon in Warren General Hospital after a long illness. Services will start at the funeral home at 9:00 a. m., and continue at St. Michael's Greek Catholic church in Sheffield at 10:00 o'clock. Father Hilari Benedik will officiate and interment will follow in St. Michael's cemetery.

J. F. NELSON

John Frederick Nelson, 86 year old resident of 424 Poplar street, died at 2:20 a. m. today at the Keystone Nursing Home, where he had been a patient for the past 20 months.

Mr. Nelson was born in Chancellors Valley May 1, 1872, and had been a lifelong resident of the area. A painter by trade, he was self-employed and had spent many years in that business. He was a charter member of the Eagles Lodge.

Preceded in death by his wife, Etta L. Nelson, he leaves two children, Harold R. Nelson, Warren, and Maynard Nelson, Scranton; one grandchild, Donald T. Nelson, Miami, Fla.; a niece, Mrs. Berdina Abbey, Chancellors Valley, and a nephew, Raymond Nelson, Sheffield.

Dr. A. C. Schultz, minister of First Methodist church, will conduct funeral services at 2:00 p. m. Thursday and interment will be made in Oakland cemetery.

CHARLES D. BLAIR

Final rites for Charles D. Blair, former area resident who died in St. Petersburg, Fla., were conducted at 2:00 p. m. Monday by the Rev. Donald H. Spencer, minister of First Presbyterian church. Serving as bearers for interment in Oakland cemetery were the following members of North Star Lodge 241, F. and A. M.: Stuart Custer, Myron Buzard, William Covert, Jerry Manning, Albert Jackson and Paul Mathis.

Attending from away were Mrs. Margaret B. Schaffer, West Orange, N. J.; Mr. and Mrs. Hugh Simpson, St. Petersburg, Fla.; Mr. and Mrs. R. M. Kerr, Clearington; Lee Shaw, Vestal, N. Y.; Mrs. Harry Blainey, Kittanning; Mr. and Mrs. John Johnson, Jamestown, N. Y.; Mr. and Mrs. Fred Blair, Miss Sadie Weaver, Clearington; Mrs. Paul Kelley, Mrs. Bernice Day, Russell.

FREDERICK B. MILLER

Frederick B. Miller, 57 year old resident of Erie and brother of Mrs. Milton Peterson of North Warren, died at his home at 939 West 22nd street, early Monday morning after suffering a heart attack. An inhalator squad, called to revive him, pronounced him dead at 12:08 a. m. Mr. Miller had been in failing health since last September, when he suffered his second attack, the first having been two years ago.

Born in Costello, Pa., he had lived in Erie for the past 16 years and, prior to his illness, had been employed in the business office of Sanitary Dairy.

Surviving are his wife, Anne Allinger Miller, and three children, Sally, Allan, and Larry, all of Erie; two sisters, Mrs. Peterson, North Warren, and Mrs. Allan Riege, Crossville, Ill.

Services in his memory, at 2:00 p. m. Wednesday in Erie, will be conducted by the Rev. Howard Stull, pastor of Casadaga Methodist church, with interment following in Erie cemetery.

MRS. ALEXANDER RITCHIE

Word has been received here that Mrs. Janet Ritchie, wife of Alexander Ritchie, Sr., of Eustis Trailer Court, Eustis, Fla., died early this morning, having been in failing health for the past year.

Besides her husband, Mrs. Ritchie leaves three sons, Alexander and William, of Russell, and James, of Oakland Park, Fla.

Her sons from Russell are flying to Florida today to attend services and interment.

Funerals

GERALD L. KING—

Friends will be received at the Peterson Funeral Home at the usual calling hours, starting at 2:00 p. m. Wednesday, and services will be held there at 3:30 p. m. Thursday. The Rev. John Z. Andree, pastor of First Church of the Nazarene, will officiate and interment will follow in Foster cemetery at Lander.

MRS. MARY MERENICK—

Friends are being received at the Leo D. Gibson Funeral Home, at the usual calling hours, and a panachida service will be held there at 7:00 p. m. today, also a panachida service at 7:00 p. m. Wednesday. Funeral services will be held Thursday morning, starting at 9:00 at the funeral home and continuing at St. Michael's Greek Catholic church in Sheffield at 10:00. Father Hilari Benedik will officiate and interment will be made in St. Michael's cemetery.

J. F. NELSON—

Friends will be received at the Peterson Funeral Home at the usual calling hours, starting at 7:00 p. m. today, and services will be held there at 2:00 p. m. Thursday. Dr. A. C. Schultz, of First Methodist church, will officiate and interment will be made in Oakland cemetery.

SHEFFIELD

SHEFFIELD — The regular meeting of the VFW Auxiliary has been changed from this evening to January 20, when members will gather in the clubrooms.

Washington School PTA will meet at 8:00 p. m. Thursday, when Judge Alexander C. Flick, Jr., of Warren, will speak on "Juvenile Delinquency". Devotions will be conducted by Mrs. Elmer Slack, Jr.; hostesses for refreshments will be fourth grade mothers, with Mrs. Wendell McMillen as chairman.

Progressive Woman's Club held its first meeting of the new year with Mrs. Clarence Danielson, Dunham street. Mrs. Lawrence Milley, program chairman, gave a very interesting current events account; on the social committee were Mae

Judge Rules the Treasurer's Percent Stays as Is

Judge Alexander C. Flick, Jr. on Monday afternoon handed down his order setting salary percentages for Warren County Treasurer Robert L. Ritchie for the remainder of the office holder's term. They remain substantially the same as a previous order handed down by Judge Flick for Ritchie's salary in 1957.

The court action ended the squabble of two year duration between County Auditors representing Treasurer Ritchie and Commissioners Blain M. Mead and Lewis Crippen who have questioned the salaries of all Court House officers with the exception of the Judge himself.

In his opinion, Judge Flick noted that the difference between the Salary Board (Commissioners) and the County Auditors who set the Treasurer's salary percentage were small indeed.

There was complete agreement that the Treasurer receive one and one fourth percent of all monies paid in and out of the General Fund. They also agreed that percentage on the large single checks paid, Clemshaw Company for the County mapping program should be one half of one percent.

However, Commissioners and Auditors disagreed that one half of one percent rate should also apply for payments to Warren General Hospital; payments to Civil Defense under the matching fund agreement and payments by County Institution District to Hoffman (children's Home) Account.

Observed Judge Flick: "No real reason was shown for the reduction of the Treasurer's commission on these three types of payments except that to do so would reduce the total amount of his compensation."

As for the \$10,000 paid the hospital, it was admitted by Mr. Crippen that this was paid monthly and that no reason could be given for "changing this procedure."

Continues Judge Flick's opinion mentioning state and federal aid: "No reason was given, for reducing the rate on the Civil Defense Matching Funds. The county from time to time, received such funds from the Federal Government and paid them to CD authorities. The amounts are not regular; they depend on what is raised locally for the purchase of CD equipment. As with the payments to the hospital, there was no intimation that they could be discontinued. As to payments to the Hoffman Trust, Account, Mr. Crippen testified that such were made when funds were needed. There was no evidence as to the amounts paid, the dates of payment, or that such payments are made with any regularity as to amount or time of payment. Auditors report for 1957 shows a total of \$4,000 paid that year. Nothing was shown to indicate any special treatment for such payments."

Handling of the Rouse Estate caused some difficulty. The Commissioners at one time had suggested their own clerk would have been glad to handle the account for a token amount. However, later the commissioners changed their minds on this and Judge Flick noted that since the treasurer had handled the accounts for nearly 100 years and since the arrangement had in effect stood the test of that time, the treasurer was entitled to receive one and one quarter percent of monies received and spent.

Mr. Ritchie will handle the small amounts of the Hodges Estate, the Trimm Estate and Levi Smith Estate Funds without compensation. Court order continues in effect until Ritchie's term ends, Jan. 1, 1960.

A.P. Death Record

BRUNSWICK, Ga. (AP)—Louis J. Leavy, 79, co-publisher of the Brunswick News, died Monday after a week's illness. Leavy's newspaper career spanned 59 years. He had served the Brunswick paper as city editor, managing editor, co-editor and co-publisher.

LOUISVILLE, Ky. (AP)—Wallace Taylor Hughes, 84, prominent as a newspaperman and an attorney, died Monday. He started as a reporter for the Louisville Courier-Journal in 1893 and later became a vice president and associate publisher of the Courier-Journal and the Louisville Times. He became general counsel attorney of the Rock Island Railroad in 1908 and served the line and other Western railroads until his retirement in 1945. He was born in Goshen, Ky.

In the crypt of St. Paul's Cathedral in London is a bust of George Washington, a statesman and soldier who caused many headaches to Britain.

Swanson and Mary Richwalsky. Mr. and Mrs. Tom Whitaker Brandon, Vt., are guests of his mother, Mrs. C. H. Whittaker.

He needs "something from the Drug Store..."

Report of Committee

(From Page One)

Warren Borough Council voting for fluoridation when some Warren water patrons live in North Warren (Conewango Township) and Pleasant Township. (Commissioners stated that those two areas would also have the measure on their ballots in the spring. There will be no charge for it.)

A Mr. Crandall of 5 North Carver street added a "ditto" to Mr. Bevevino's statements. Mrs. Joseph Conti of 18 South South street raised the moral aspect of the issue. Did Council have the right, she asked, to force this issue upon anyone? Are not the rights of individuals to be protected, she wanted to know.

Mrs. J. E. Hazeltine of North Warren arose to point out that her community had not been consulted in the matter at all. John H. McCoy of 19 Myrtle street, the most fervent speaker against fluoridation, referred to the additive as "rat poison" and "homogenized aluminum" and said it would "destroy one gland after another." "The Russians have said they will take over the United States by 1972," he added, "and they won't do it with men and missiles, but by poison." He noted that as the glands were destroyed one by one, the nation's people would become groggy and "easy to lead."

Mrs. Granger of 109 Central avenue paid tribute to the nation's soldier dead who died defending her rights. "Don't take them away," she said.

G. E. Tucker of 4 Conewango Place pointed out that it was a young man fresh from dentistry school who discovered fluoridation back in 1907 at Smith County, Texas. He said repeated, expensive attempts by large chemical firms to reproduce this in the laboratory had resulted in a heavy investment which was now making itself felt in the cross country move to fluoridate water supplies.

Mrs. John McCoy of Myrtle street came to speak armed with pamphlets which proved that fluoride destroyed not only teeth, but bones as well. She called fluoridation a one-way road to death, "not quick, but sure." Sodium fluoride was branded a cancer cause by her. Vernal Knopf of Jackson street extension came up with the most novel idea of the evening. He read to Council a proposed resolution making each member personally liable for any damages to person or property stemming from the proposed fluoridation. His idea was taken under advisement.

Myron Baker of Falconer, N. Y., a well known opponent to fluoridation, had more material hot from the laboratory. He had proof, he said, that fluoride deposits were shaken loose in the brain by shock treatment. He wondered just how this might affect the number of those admitted to Warren State Hospital in the future, and also its effect on those already there. Joseph Williamson, Warren General Hospital administrator, spoke after all the opponents had sat down. He said he had not come to speak but felt that someone should say something in favor of the proposal. Speaking as a private citizen from 50 St. Clair street, Mr. Williamson pointed out that fluoridation was preventive medicine, and that those who opposed it were of the type that at some time had opposed inoculation and vaccination, as well as chlorination.

Dr. Borger, speaking as a medical man from 305 West Fifth avenue, made the statement that if Warren didn't get fluoridation this year or next year, it would definitely have it at some future date. He termed the opposition "violent and uninformed" which scared Council into it before, and said that 45 per cent of the persons in Pennsylvania now have fluoride in their water supply.

Council will take no further action until its June meeting.

EVENTS TONIGHT

5:30, C of C Board, Blue and White.
6:00, BPW Club, YWCA.
7:30, Goodwill Class, Conklin home.
7:30, IOOF Lodge.
7:45, I-T Class, Epworth church.
7:45, Auxiliary meeting, Marine Home.
8:00, Parent-Teacher Unit, St. Joseph's.
8:00, Couples' Class, Casey home.
8:00, Stewart Circle, Alexander home.
8:00, Child Study Group, Pen-tlec.
8:00, Dads' meeting, VFW post rooms.

GREB'S MOTHER DIES

PITTSBURGH (AP)—Mrs. Anna Greb, mother of former middleweight and light heavyweight boxing champion Harry Greb, died in Angelus Hospital Monday at the age of 94. Her son, called the "Human Windmill," died in 1926. He won both his titles in 1923.

Burglars Hit Two More Places During Night

(From Page One)

Sneak thieves made two more minor "hauls" in Warren County last night. Sometime between a late evening closing and about 7:15 this morning, burglars broke into Union-Service Station at 1601 Pennsylvania avenue west, ransacked the premises and escaped with an estimated \$150 in loot.

Manager Lloyd Baribeau discovered the entry through a broken side window when he arrived this morning. The cigarette machine and other vending fixtures had been broken into and change taken.

The day's receipts were found by the intruder in a back room after a thorough search during which all the boxes were overturned and contents scattered. The locked cash register was taken into the backroom and pried open before the men found it was empty.

It was the second time in ten months that the station had been entered. Last March a burglar made off with about \$1,200 which was eventually paid back. Police are investigating.

Chief Deputy Sheriff Don Allen, Jr. went to the I. E. Carlson general merchandise store on Matthews Run Road out of Youngstown this morning after a theft was reported there. Sometime between 8 p. m. yesterday and 5 a. m. today, thieves pried off some boards covering a broken back window and stole into the establishment. They made off with some \$7 in small change from the till but touched nothing else on the premises.

It was the second time in about a year that that establishment had been burglarized also. The first occurred about a year ago when another small amount vanished.

Mayor of Aurora

(From Page One)

he would consider no business except his order of firing Police Chief Donald Curran. The commissioners ignored him and Egan continued to pound the gavel and shout.

The commissioners then ordered Halbesma to eject the mayor, who is serving his second four-year term. He pulled the struggling Egan from the mayor's chair, off the podium and out to a rear doorway.

Halbesma said Egan roared: "You fat slob, you're strangling me."

"O.K. That's it," Halbesma told the mayor. "I've had enough. You'll apologize for that."

The two men grappled and then Halbesma floored the mayor. Four policemen rushed from the traffic room to halt the fracas. Egan ran down the stairs, jumped into a cab and went to the hospital.

Halbesma, who was not arrested, left the council chamber, commenting "It's a fine way to start a Monday."

Retired General

(From Page One)

McCarthy hearings which resulted in Senate censure of McCarthy. Green, who has denounced the charges as politically inspired, is the powerful Democratic boss of Philadelphia and a member of the House Ways and Means Committee in the new Congress. He is serving his seventh term.

The 48-year-old Congressman was a member of the House Armed Services Committee during construction of the depot between 1951 and 1955. He is accused of accepting a \$10,000 bribe from one of the contractors and writing performance bonds for the five in exchange for influence and favors.

Red Visitor

(From Page One)

Could the dispute over the West's occupation of Berlin lead to a war? asked Coates.

"As far as we are concerned, we do not want a war," Mikoyan said through an interpreter. "But it is up to the other side to keep peace."

Earlier in the day, Mikoyan was asked for comment on whether his Saturday meeting with President Eisenhower in Washington might help resolve the Berlin situation.

"I don't know what we will discuss at this time," he said. "But we will discuss everything that will be of interest to Mr. Eisenhower." He merely shrugged when asked whether the Berlin dispute would come up.

Joint Committee

(From Page One)

count committee rejected 131 ballots. Thus a total of 61,930 was needed for victory. Leddy demanded a legislative recount under a constitutional provision not exercised since 1894.

School Board

(From Page One)

attend a conference on Reading in the High School at Geneva College January 21 and the second meeting in February. Debating was approved as an activity in the High School beginning in September 1959. An assistant baseball coach was authorized for this coming season. A Cappella Choir was given permission to present a program at the Grace Methodist church on May 13. T. B. Society was given permission to X-Ray juniors and seniors sometime during the month of April.

Solicitor R. F. Peterson Eaton, reported that the Board now held the title to all of the land for the new high school site. The total cost was \$94,579.25. Orders written during the month amounting to \$12,143.45 were approved. The Cafeteria Report as presented by Mrs. Helene McClure was accepted and Bills amounting to \$5,616.45 were authorized for payment. Medical, Dental, the Home and School Visitor, and the Attendance reports were received.

Attendance Report showed 97% attendance for the first 60 day period and a total of 3906 pupils attending. A summary of the Secondary School Classification Report as sent to the Department of Public Instruction was presented. It showed 79 pupils finishing the 12th grade this year for each 100 starting in the 9th grade during the 1955-56 term. Forty-two per cent of last year's graduates are in colleges, universities, or taking some type of advancement training.

A summary of the Application for State Approval as sent to the Department of Public Instruction showed 162 staff members, 25% of whom have their Master's degrees. The average salary this year for all teachers is \$5,096.27. 102 or 62.9% of the teaching staff has had continuous service here in Warren for fewer than 10 years. A summary of the Employment Certificates sent to the Department of Public Instruction showed 162 vacation employment certificates have been issued during the year 1958. Seven (7) general certificates were issued.

A study of the Utility Costs in the schools during 1958 showed a variation in pupil cost for fuel from a high of \$12.72 at South Street to a low of \$1.17 at Jefferson. The variation on the electricity showed East Street high with a per pupil cost of \$4.93 and McClintock low with \$1.32. The cost of water per pupil varied from \$.38 at Home Street to \$1.16 at Seneca.

Harris E. Johnson presented the report of the Buildings and Grounds Committee for approval. North Penn Pipe & Supply Company were the successful bidders to plug wells on the new WHS site.

W. H. Cowden presented Finance Committee Report for approval. Bills totaled \$90,808.88. Dr. A. J. O'Connor presented a report of the Schools Committee authorizing the use of the buildings for Edinboro State Teachers College and the Penn State University evening school classes, rental of films and purchase of filmstrips, operation of the two driver-education cars, a budget provision of \$1,000.00 for conferences, conventions, consultants, and visitations; \$3,000.00 for library books; and \$15,000.00 for textbooks for the coming term of 1959-60. Suggestions for the Beaty Fund Activities at the Beaty Junior High School were also approved.

Wedding Trap

(From Page One)

her claim. Blood tests, the baby's footprints and a physical examination of Mrs. Iavarone established the baby's identity and ruled out the woman's story, police said.

Before the results of the medical tests were made known, the infant's father, Frank, 28, joyfully made positive identification from a small birthmark over the left eye and, he said, "her beautiful hands and feet."

The baby, in good health, was returned Monday to the arms of her happy, tearful 26-year-old mother, Frances. In a jubilant reunion at St. Peter's Hospital, the mother said she was the happiest day of her life.

Detectives quoted Mrs. Iavarone as naming Pizzimenti, owner of a fruit and vegetable store, as the infant's father and as saying she had lived with him several months last summer.

WANTS TALKS RESUMED LONDON (AP)—The Soviet Union has suggested the East-West talks on prevention of surprise attacks resume at Geneva Thursday.

Tass news agency issued details of the Soviet notes handed to the American, British, French, Italian and Canadian embassies in Moscow Saturday night.

NEW DELHI (AP)—Emergency government action today ended the danger of food riots in New Delhi.

Big Change Noted In Unemployment

(From Page One)

WASHINGTON (AP)—Unemployment jumped back above four million in December as unemployment declined seasonally with curtailment of outdoor work in winter weather.

The government reported that employment fell by 630,000 in December, dropping from 64,653,000 to 63,873,000.

Unemployment increased by 275,000 to 4,108,000 compared with 3,833,000 in November. This was the largest increase among the idle since last June when unemployment reached 5,437,000 the recession high.

Indictments Returned By Federal Grand Jury

PITTSBURGH (AP)—A Federal grand jury investigating rackets in western Pennsylvania took time Monday to hand down indictments against five officials of the Old Freeport Bank in Freeport, Armstrong County.

Named in the 17-count indictment were:

Charles L. Sober, bank president; his son, Ira, executive vice president; Dr. Richard Heinemann, vice president; John E. Cypher, a director and Jack C. Reese, assistant cashier.

The elder Sober and Heinemann were indicted last August on charges they conspired to obtain a \$2,000 kickback from a borrower who had sought a \$15,000 loan.

Later the same month the younger Sober and Cypher were charged with receiving \$23,000 for their help in securing a \$46,000 loan from the bank. They also were indicted previously.

The latest indictments cover similar charges.

Pittsburgh Glass Co. Strike Near an End

By RUSSELL LANDSTROM

PHILADELPHIA (AP)—Hints that the 98-day-old strike of the United Glass and Ceramic Worker against the Pittsburgh Plate Glass Co. might be close to settlement cropped up today, but they were strictly unofficial.

Ever since the negotiating meetings were transferred from Cincinnati to Philadelphia last Wednesday hard news about what was happening has been difficult to come by.

All bargaining sessions are closed. Newsmen hunt lobbies and corridors for a fill-in afterward, or hang on the telephone hoping for a word with Robert W. Donahoe, regional director of the federal Conciliation and Mediation Service or possibly one of the labor or management representatives.

By report, incentive pay and seniority are the chief issues.

Pitt Planning To Start New Term Plan in Fall

PITTSBURGH (AP)—The University of Pittsburgh will begin its voluntary three-term plan next September for freshmen and sophomores.

Students enrolling under the trimester plan will attend class for three terms of 15 weeks each, permitting them to finish their education sooner than under the present two semester year.

The university said it would extend the same choice later to upper classmen and post-graduate students.

The trimesters will be: Sept. 8 to Dec. 19, Jan. 6 to April 14 and April 19 to July 30. The summer vacation will run from July 31 to Sept. 5.

Senate Votes

(From Page One)

But no one questioned that the outcome was a spectacular triumph for Sen. Lyndon B. Johnson of Texas, the Senate Democratic leader.

The change in rules went through just the way he proposed it on the opening day of the new Congress last Wednesday. Johnson and other Senate leaders of both parties called it a reasonable, middle-of-the-road solution.

Two Cent Hike in Gasoline

(From Page One)

would be a 230-million-dollar deficit unless additional revenues were found. He disclosed at a news conference that he also was considering:

1. A wide variety of ways of increasing the yield from the income tax — including a general boost in the tax rate, changes in exemption and a payroll withholding plan.

\$73 Millions in Deficiency Appropriations Are Listed

HARRISBURG (AP)—The Legislature administration was reported today drafting a report spelling out 73 million dollars in deficiency appropriations that must be passed by the 1959 Legislature before May 31.

An administration spokesman, who asked not to be identified, said a question still to be decided is how to finance the deficit.

One way would be to cut back on existing programs and divert the money to meet the deficit. Another would be to raise brand new taxes between now and May 31. The end of the current two-year fiscal period.

It may develop that both means may have to be used, depending on the attitude of the incoming Lawrence administration and the lawmakers themselves, the spokesman said.

It will be up to Gov.-elect Lawrence to make a decision on which

of the deficiencies are so acute that legislative action may be needed even before he submits the budget in the next 60 days.

For example, a 13-million-dollar appropriation for occupational disease benefits expired last August and 5½ million dollars additional was pushed into the fund by order of Gov. Leader. The money came from other unspent funds.

But the 3½ million dollars is expected to be used up some time next month. It would leave more than 5,000 ex-coal miners or their widows without further checks unless something is done to add \$3,200,000 more to the fund.

The administration's report on the deficit, it was reported, notes that three state institutions are running out of funds. They are Phillipsburg State Hospital, Scranton State Hospital and the Pennsylvania Training School at Morgantown, Washington County.

Area Winners of Farm Show Awards

SPECIAL AP DISPATCH TO THE TIMES-MIRROR

HARRISBURG, Jan. 13.—(AP)—Warren county winners at the Pennsylvania Farm Show.

Christmas Tree Growing Contest:

Douglas Fir, 3, Stewart's Yule Tree Farm, Akeley; Fir, 2, Stewart's; other species 3, Stewart's.

Hay awards: Clover timothy-mixed; 2, William Motzer Star Rt., Tionesta, Forest County.

Rescuers Reach Hulk Of Air Force Plane

ANCHORAGE, Alaska (AP)—Rescuers reached the shattered hulk of an Air Force plane high on an Alaskan glacier Monday and began the task of bringing out the bodies of nine crewmen. The crippled C124 failed to clear a 5,200-foot mountain range late Sunday as it came in, with two of four engines out, for an emergency landing at Homer, on the tip of the Kenai Peninsula. The giant plane was demolished as it struck Petrof Glacier between the 3,000 and 4,000 foot levels.

The C124 took off from McChord AFB in Washington about noon Saturday on a flight to Kodiak, Alaska. It carried more than 17 tons of classified military cargo.

Mother and Three Tots Asphyxiated in Bronx

NEW YORK (AP)—A 40-year-old Bronx woman and her three young sons were found asphyxiated in their apartment Monday.

The four, all bundled in heavy clothing, apparently had been dead since Saturday.

Gas was found pouring from a burner on the kitchen stove. A burner on a gas water heater was turned on, although the flue had become disconnected. The oil in a kerosene stove in a bedroom had been consumed.

The dead were Mrs. Aurora Ruiz, Neftali Rivera, 14, a son by a former marriage; Pedro Ruiz Jr., 8, and Robert, 5, children by Pedro Ruiz, 38.

Six Cities Make Bid For G.O.P. Convention

WASHINGTON (AP)—Six cities will make their official bids Jan. 19 and 20 for the 1960 Republican national convention.

Meade Alcorn, chairman of the Republican National Committee, said representatives of the cities will appear before the Republican site committee in Des Moines, Iowa.

Philadelphia, Miami Beach and New York will bid on Jan. 19 and Chicago, Los Angeles and San Francisco on Jan. 20.

Alcorn said the site committee would report to the national committee in Des Moines on Jan. 22 and 23.

Teen-Age Boy Shoots Grocer in Robbery

PHILADELPHIA, Pa. (AP)—Charles Fine, a 70-year-old grocer, was slugged on the head and shot through the chest Monday by a teen-age boy who tried to rob him.

The boy and a companion fled without any money and Fine lunged a carton of soda after them. Then he was rushed to a hospital.

A few hours later he walked out of the hospital, chatted amiably with reporters and police, and went home to recuperate. The bullet had gone through his chest, but had missed his vital organs.

The grocer has a mottled painted over the front door of his store. "The Lord has been good to me," he says.

HELD IN ROBBERY

PITTSBURGH (AP)—George E. Isaac, 25, of Renfrew, R. D. 1, Butler County, was held for Allegheny County grand jury action on a robbery charge today in the \$39 holdup of the Arsenal Finance Co. in Lawrenceville Monday.

Beaver Co. Highway Workers Are Still Idle

BEAVER, Pa. (AP)—State highways department employees in Beaver County today ended their second work stoppage since Friday after being threatened with dismissal.

Secretary of Highways Lewis Stevens said Monday night that unless some 180 maintenance employees returned to work by 8 a.m. today he would invoke a 1947 state law providing for summary dismissal of state employees who go on strike.

Robert Buttermore, assistant county superintendent of highways, said all of the men reported for duty this morning.

Officials of local 1111 of the state, county and municipal employees union could not be reached for comment immediately.

The workers first walked off the job Friday morning in what union president Robert Fitzsimmons said was a dispute with the department over working conditions and the political patronage system.

Storm Brings More Snow to Northeast

By THE ASSOCIATED PRESS A fast moving storm moved through the Northeast early today spreading a two-inch snow blanket from the Great Lakes into northern Pennsylvania and through New England.

Some sleet and freezing rain glazed western New York ahead of the snow.

Clearing skies brought sharp temperature drops in the mid Rockies. Overnight low readings ranged down to 10 to 15 below zero.

The storm system in the Northeast tapped to snow flurries after daybreak.

Moderate weather prevailed in large areas from the Rockies to the Atlantic Coast.

CONVENTION PLANNING

Prothonotary Ralph E. Sires of Warren County will be in Bradford this afternoon meeting with McKean County Prothonotary Raver to make arrangements for the annual Prothonotary and Clerks of Court Association Convention in that municipality next July.

BUFFALO LIVESTOCK

EAST BUFFALO—Monday Niagara Frontier livestock market report as compiled by the New York State Dept. of Agriculture and Markets:

PICTURE NEWS

AROUND THE WORLD

STILL ON DUTY—Undergoing safety tests at Remoulins, France, is this bridge which was built by the Romans over the Gard River about 2,000 years ago. It still carries auto and passenger traffic, but is no longer safe for heavier vehicles. The foundations of the stone structure were recently undermined by flash floods.

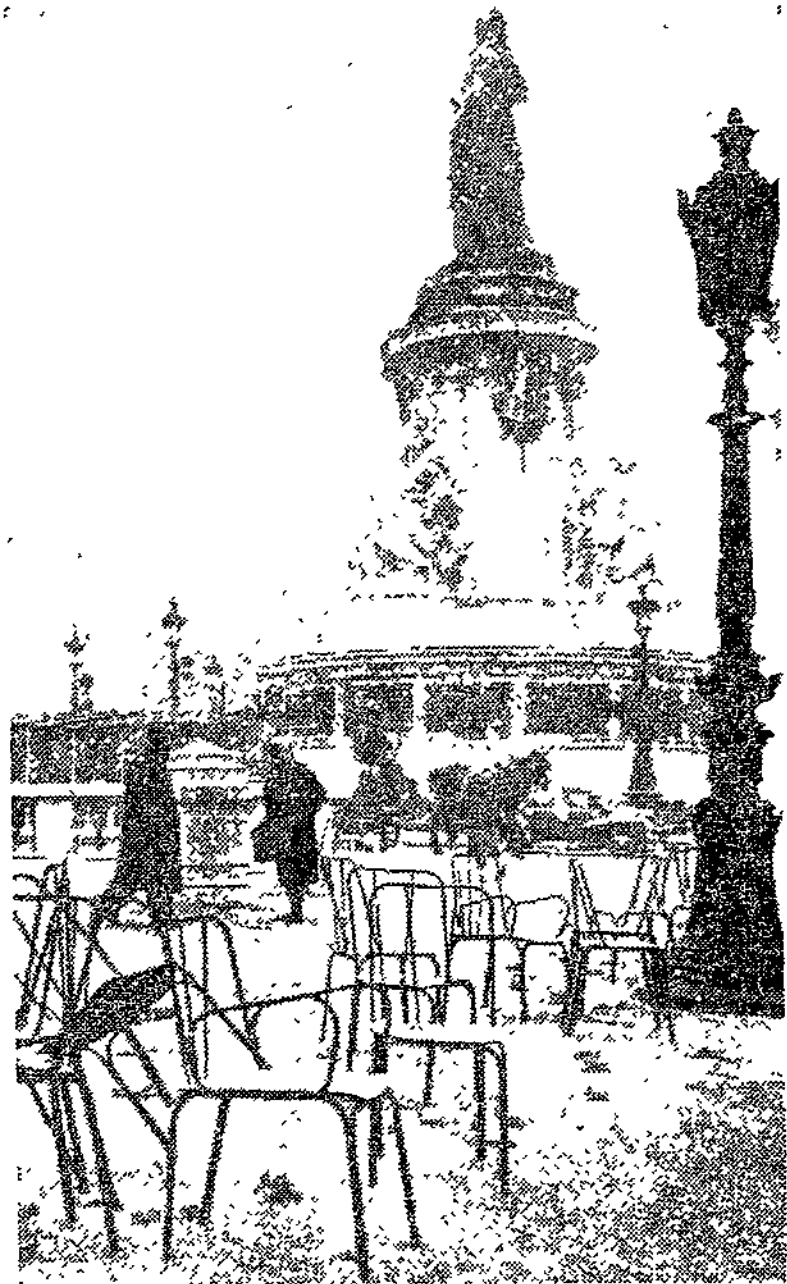

PLOTTING—When a monkey escaped from the zoo in Frankfurt, West Germany, it took to the rooftops of nearby houses. Here, a photographer clings to a chimney as he tries to snap the little creature hanging onto a window sill below, so they're both in a spot.

DAPPER DAD—He's movie star Tony Curtis, and he's certainly dressed in a jazzy outfit as he relaxes on a beach at San Diego, Calif., with daughter Kelly Lee, 2, whose mother is actress Janet Leigh. The tot has a firm grip on a small size hula hoop, and she doesn't intend to let it out of her grasp for even one short minute.

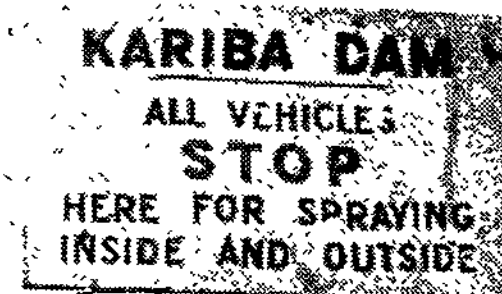

FOR SAFETY AT SEA—Aboard an ocean-going tanker in New York, skipper F. S. Hovan is inspecting a new marine safety device that does more than whistle in the dark. It's designed to reduce collision danger resulting from confused whistle signals. The device beams multiple rays of light through amber-colored lenses in all directions, and passing vessels can see the light as well as hear the whistle.

QUIET TIME OF YEAR—Some chairs in the almost-deserted Place de la Republique in Paris appear somewhat forlorn as they stand empty near the towering Statue of the Republic. It frequently costs a penny or two to sit on a chair in a park in the City of Light, and the devaluation of the franc might have had something to do with this desertion.

OUT OF ITS ELEMENT—Who'd ever guess that an anteater could be bagged in Colma, Calif., a suburb of San Francisco? But Manuel Moreno (left) and Nat Repetto shot this unusual specimen on the street. Turned out that the anteater had escaped from its cage in the San Francisco Zoo, but that wasn't known when the animal turned up in this neighborhood.

OUT TO WIN—A guard with a spray gun is standing watch at Kariba, Rhodesia, where the huge dam is being built on the mighty Zambesi River. Vehicles entering the site have to be sprayed inside and out to guard against the tsetse fly which spreads African sleeping sickness. About 2,000 square miles will be flooded for a reservoir, and the project should begin to operate on a small scale in 1960.

TURNING TURTLES

GOOD CATCH—A goateed fisherman is proudly showing his catch of two sea turtles caught off the south coast of South Viet Nam (left). The turtles are the raw material for newly-established handicraft industries which produce hundreds of tortoise shell items. At right, a shopkeeper in Saigon holds an unusual decoration made from a shell.

LIKE FATHER, LIKE SON—Major Gen. Chiang Wego, 42, head of Nationalist China's armored forces, posed proudly in Taichung, Formosa. Wego is the youngest son of Nationalist China's President Chiang Kai-shek, but he disclaims any political ambitions.

FOR THE BLIND—Residents of a rehabilitation center for the blind in Topeka, Kan., "watch" a TV program as Mrs. David Cohn (right) describes scenes to the listeners. Quiz shows, interviews, musicals and similar shows are easy to follow, but a few of the more complicated are simplified by an explanation during a program pause.

Viewing Harrisburg

By LEONARD A. UNGER

HARRISBURG (AP)—A Republican senator gripped his fingers into a tight fist. It was his silent answer to a reporter's question . . . but it spoke a thousand words. "Why would the Senate Republican caucus want to strip the traditional right of the lieutenant-governor to refer Senate legislation to standing committees?"

The attitude at the recent GOP caucus was that former Judge John Morgan Davis, a Democrat who will be the next lieutenant-governor, would play politics with bill referrals.

By changing Senate rules to require him to send all measures to the Republican-controlled Rules Committee, the GOP could keep tight-fisted control of all legislation from introduction to final roll call.

The plan calls for giving the Rules Committee the right to assign the measures to the standing committees.

This is somewhat different from the system in the U. S. House of Representatives where all bills must clear the Rules Committee before reaching the floor. However, the speaker refers them to standing committees upon introduction.

Some other Republican senators, however, privately, that they are fearful the Democrats will attack the GOP stand on the basis that the committee system in the Legislature would be seriously jeopardized by the proposed new Senate rule.

It is this same system which the Senate GOP majority has praised session after session when the Democratic minority sought to discharge committees from further jurisdiction of bottled up legislation.

But Democrats can be put in an embarrassing situation, too, with such an argument.

In 1955, House Speaker H. G. Andrews came up with the idea of referring controversial bills to the House Rules Committee composed entirely of Democrats.

That kept standing committees from sending measures to the floor that could put the entire House on the spot in a public vote. For example, some House Democrats favor legalized horse racing in Pennsylvania but don't want to antagonize church forces by a public vote for such a measure.

Some lawmakers oppose further teacher salary increases privately but are afraid of the reaction from teachers back home should they be recorded against such boosts.

If the bill is kept in the Rules Committee, it can be pigeon-holed indefinitely. If the bill were in the Education Committee, its chances of getting out are much better since the membership in that group are more attuned to the needs of teachers.

There's already some talk of a compromise on the proposed Senate rule change. It would provide that if the lieutenant-governor

Hollywood News

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—At 22, Marion Hargrove wrote "See Here, Private Hargrove," which sold 3½ million copies, became a hit movie and made him famous.

Now he is 39 and finally hitting his stride as a writer, penning movie and TV scripts.

"I learned a lesson," he now admits. "A writer shouldn't have such success until two conditions prevail. No. 1, he should be rewarded for a work on which he has lavished a great deal of time and effort. No. 2, he should be at an age when he is mature enough to follow up the success."

Seventeen years later, Hargrove still looks youthful enough to play the Army private—well, corporal, maybe. Now that he is hot as a writer again, he can look back reflectively at the pitfalls of his youth.

Before the war, he was a deskman on the Charlotte, N. C., News. A pre-Pearl Harbor draftee, his wry views of Army life were printed in a series of articles in the News. They were brought to the attention of a book publisher, who recognized their appeal. Hargrove attached a beginning and ending, and the book became a wartime sensation.

Hargrove roamed the world as a correspondent for the Army magazine, Yank, returned after the war to pursue a career as author.

"For the first two years, I couldn't write a thing," he said. "It was the old story about facing the blank piece of paper in the typewriter and being unable to get an idea."

The turn in his career came when studio boss J. L. Warner wanted a comedy about the new Army. Who else could write it but Marion Hargrove?

"I came out from New York and went up to Fort Ord for research," he said. "I found I had to start anew with this Army; my field of reference was entirely different. I turned out a script treatment, but they didn't like it. So they kept the movie rights and I turned out a novel. The novel ('The Girl He Left Behind') was better than the picture."

River Reported Frozen
All the Way to Olean

PITTSBURGH (AP)—The U. S. Weather Bureau at Pittsburgh reports that ice jams have formed on the Allegheny and Monongahela Rivers above Pittsburgh.

The weather bureau said the Allegheny is frozen one to 13 inches thick from Lock No. 4 at Natrona northward to Olean, N.Y.

The Monongahela has ice one to three inches thick in sections between Holt, W. Va., and Point

Marion, Pa., the bureau said. Floating chunks of ice are reported as far as Lock No. 3 at Elizabeth on the Monongahela. The river is clear between Elizabeth and Pittsburgh.

There is no threat of flooding, the bureau said, because water is running freely beneath the ice formations instead of building up pressure behind the gorges.
